ORCHARD A MARVEL ON WITNESS STAND

His Cold-Blooded Recitals Fill Court With Horror.

STEVE ADAMS IS TO TESTIFY

Orchard Has Claimed that Adams Was His Partner In Many of His Most Desperate Undertakings, Such as Blowing Up Independence Depot.

Boise, Idaho, June 12.—There is much speculation as to what Steve Adams will say when placed on the stand as a witness for the state against William D. Haywood.

Orchard has said that Adams was his partner in many of his most desperate undertakings, such as the blowing up of the Independence depot. Adams, who came to Boise Monday from Shoshone county, where he is awaiting trial for murder, is said to be in a sullen mood, and not likely to answer any of the questions. It is known that his repudiated confession is in the hands of the counsel for the prosecution of Haywood, but it is doubtful if this confession can be brought within the cognizance of the jury unless Adams himself consents.

Mrs. Annie Adams, who has been in Boise since the trial began, and who is in daily attendance at the court room, saw her husband at the county jail Monday night. Mrs. Adams is credited with much influence over her husband. It was at her solicitation, it is said, that he repudiated the confession he made last year. He went so far after making the confession as to travel to Colorado with General Bulkely Welles and report has it that, under the direction of Adams, evidences were discovered that cleared up the mysteries of several disappearances. Skeletons of non-union miners, who were believed to have been killed, but the proof of whose death had never been found, was discovered.

Startling Confession.

The most startling part of Adams' alleged confession is the murder of Arthur Collins, manager of the Smuggler Union mine near Telluride in Colorado. After making his confession, Adams was taken to Collins' house and pointed out where he stood to fire the shot that killed Collins. An accumulation of corroborative evidence is said to have been secured.

Collins was shot through the window of his library where he was playing cards with some ladies. Adams spent that night at the house on the occasion of his visit in charge of General Welles. A cartridge was found at the place Adams pointed out and a witness met a man walking away from the place carrying a gun just after the shot was heard.

Another man says he met the same man later, but that he had no gun. The weapon was found between the two places. It is said that should Adams be acquitted of the murder for which he is yet to stand trial, the Colorado authorities will requisition the governor of Idaho and will try him on the charge of the murder of Collins. There is some belief that Adams may yet repeat his alleged confession. Counsel for the prosecution say they are not depending upon Adams to confirm Orchard, but that they have a sufficiency of corroborative testimony.

Orchard Shows No Fatigue.

Harry Orchard went on for his fourth day of cross-examination Tuesday. He shows not the slightest sign of fatigue. On the contrary, he grows, apparently, stronger. Even counsel for the defense admit that he is a marvel. Monday when he was called upon to show where he stood when he fired the mine that blew up the Independence depot and killed four men, he bent over from the witness stand to the stenographer's table and with a hand as steady as a rock, drew a complete plan, making the dotted lines to show which way he ran and giving the direction of the railroad and spur track along which he said he and Steve Adams ran after the explosion. Tuesday he completed his story of the attempt to kill Fred Bradley, former manager and national president of the Bunker Hill mine, which was blown up by the striking miners in 1899.

The prosecution attaches much importance to this part of Orchard's testimony. A number of witnesses were here from San Francisco and testified in support of the attempt on Bradley's life.

Climax to Dramatic Rehearsal.

As in the rest of his cross-examination, Orchard, under the fire of questions has only strengthened his direct testimony as to the San Francisco story. He went into the most minute details and gave the names of a dozen people who can confirm or deny. For instance, he has said where he bought the strychnine for the milk, where he bought the gunpowder, how and where he got money from Pettibone and the names of servants. He took the cook to the theater, he said, in order to find out from her the habits of the household and the climax of his dramatic rehearsal was how he placed the strychnine in the milk, that by his own admission might have poisoned a baby, the mother, three women servants and Fred Bradley. Mr. Richardson facetiously remarked that perhaps he tried to poison the cook because she did not like the play to which he took her. The joke relieved the minds of the jury and the spectators, who had up to that moment been wrought up to a pitch of horror for the man who could so coolly tell of his cold-blooded indifference to the consequences of this attempt to reach the man who had opposed union labor.

KILLED IN AUTO SMASH.

Car Was Running 40 Miles an Hour, It Is Claimed.

New York, June 12.—Running 40 miles an hour along a dark stretch of the ocean parkway near Coney island an automobile with seven race track men aboard struck the back of a Victoria carrying two men and two young women Sunday night, when all hands were gayly returning from the city after a merry night at the shore.

Under the motor car, which turned a complete somersault, one man was crushed to death and another fatally injured. The remaining five, tossed in all directions, were maimed and cut.

Of the Victoria party every one likewise was hurled into the road and hurt. The women had to be carried into a nearby house and worked over for an hour before they were revived. They are said to be prominent socially, one being described as the fiancee of Hubert Payne Drinkwater, who engaged the Victoria, and who is a wealthy English mining engineer and a relative of the nobility.

The victim of the crash was Thomas Heffner, 45 years old, of Sheepshead Bay, a trainer for various racing stables.

Union Employees Make Demand.

Detroit, June 12.—At a mass meeting of 2,300 members of the local Street Railway Men's union Tuesday, the men voted to give the Detroit United railway 48 hours in which to either grant their recent demand for 28 cents cents per hour, or submit the question to arbitration. Failure to meet this demand by the company, it is said by the leaders among the men, will probabl result in a strike.

Corset Saves Her Life.

Lexington, Ky., June 12.—Corset stays saved the life of Mahsa Coleman when she was cut in a free-for-all fight by Mat Lewis. Lewis used a dirk and the woman was seriously injured. The steel stays, howvere, prevented the blade from penetrating her abdomen deep enough to prove fatal.

President Returns to Washington.

Washington, June 12.—President and Mrs. Roosevelt and party, who attended the Georgia day ceremonies Monday at the Jamestown exposition, arrived at the Washington navy yard at 7:30 a. m. Tuesday on board the converted yacht Mayflower. The trip from the exposition to Washington was without special incident.

Sacred Heart Church Burned.

Ottawa, June 12.—The Catholic church of the Sacred Heart, one of the finest edifices in this city, was destroyed by fired Monday night. The church cost $200,000.

CATLETTSBURG, KY., TOSSED BY STORM

Scarcely a Whole Building Left In the Town.

LIGHTING PLANT WAS DISABLED

Wires of the Telegraph and Telephone Companies a Tangled Mass. Steamer Overturns and Drifts Down the River.

Catlettsburg, Ky., June 12.—This city was in total darkness Monday night, and there is scarcely a whole roof, skylight or window in town.

A number of houses were completely unroofed, and one dwelling house was blown from its foundations by the most terrific storm in the history of this section. The streets are bestrewn with all sorts of debris, and the wires of the telephone and telegraph companies are a tangled mass.

The electric lighting plant was smashed by the falling of the smoke stack, and will be disabled for several days.

No casualties have as yet been reported.

The Cando, a river steamer, was turned over on its side, and it went down the river with the current.

The Emma Marie went to her assistance, but could not land her. She was valued at $6,000.

The roof was blown from the county court house, the Methodist Episcopal church, the Meek Printing company's building and a number of other buildings.

HUZZARS CHARGE PEOPLE.

Wine Growers Cause Serious Disorders in Portions of France.

Montpeliar, France, June 12.—After the announcement of the resignation of the municipal council here on Monday night, in accordance with the wine growers' program, the arrest of a youth for carrying a banner bearing the inscription:

"March on Paris. Long Live the Revolution," led to serious disorders.

Huzzars were called out and they charged the people repeatedly. Several persons were injured, and calm was only restored by the release of the prisoner.

Marcelin Albert, the leader of the movement, has issued a circular to all the committees inviting them to take united action, in obedience to the recommendations of the Argylliers committee, and to employ only peaceful, lawful means, adding:

"No disorders or violence. The hour has not yet come. We still hope that it will never come."

THREATS AGAINST AMERICANS.

Investigation by Commodore Fullam, of Gunboat Marietta.

Puerto Cortez, Honduras, June 3, via New Orleans, June 12—Threats of violence against foreigners, especially Americans, after the departure of the American gunboats now patroling the Honduran coast, have caused an investigation by Commodore Fullam, of the Marietta.

The situation appeared serious enough to warrant a letter from Commander Fullam addressed to J. M. Mitchell, Jr., United States consular agent at San Pedro, in the interior, where most of the threats had been made. Commander Fullam called attention to the fact that the first arrest and detention on board the Marietta had been that of an American for being drunk. He cited this as an example of American good faith in carrying out a policy of protecting everybody alike.

Would Not Accept the Offer.

New Orleans, June 12.—An effort made by Special Commissioner Smith, of the Panama canal commission, to make an arrangement for shipping southern skilled labor to the canal via New Orleans, failed of results. Mr. Smith offered to pay the United Fruit company $33 per passenger for such worker, but the steamship company did not accept. At present all such labor goes through New York, making it difficult to draw upon the south.

BOY CONFESSES MURDER.

Aged Chicagoan Delivers His Son to the Police.

Chicago, June 12—"Here is my boy Jim. I bring him to you," said Jim Flannigan, 79 years old, to the desk sergeant of the Deering street police station Monday morning. Beside him was the shrinking form of his 20-year-old son.

'Do you—do you—want him for killing somebody?" continued the father hesitatingly.

"Yes, it was me; I did it," sobbed the lad. "I stabbed John Sinder, but he kept picking on me and then tried to hit me and I just got mad," he continued. "I pulled my knife, but did not strike to kill him. I just bit at him with the knife and then he fell down and I ran away."

For two hours the police had been investigating the death of John Sinder, 22 years old, whose body was found at the corner of Thirty-eighth and Wood streets at dawn. A deep knife wound over his heart told the story of a murderous assault, but no one knew who had committed the deed.

James Flannigan, a laborer, who lives at 3809 Lincoln street, heard of the finding of the body through neighborhood gossip. He knew that Sinder and his boy were acquaintances, and that they went to the same dances and going to the room of his son he questioned him.

The younger man answered with monosyllables, which aroused the suspicion of his father. He picked up one of the garments of the boy, who was still in bed. There was blood on it. The lad was made to dress and accompany his father to the station house, where he made a confession.

DYING LOVER

Weds His Kentucky Sweetheart and Expires.

Louisville, Ky., June 12—Two days before the date set for his wedding to Miss Elizabeth Dallam Burnett, the daughter of a prominent Louisville attorney, Robert Horner, son of Samuel Horner, a Philadelphia multimillionaire, passed away at Norton Memorial infirmary here Sunday afternoon. A carbuncle, for which he had been operated upon, was the cause of death, blood poisoning developing.

Realizing that death was near, Mr. Horner requested that the marriage ceremony be performed, and, lying on his bed of pain, he was united in wedlock to Miss Burnett some five hours before the end came. His dying words were a request that his brother, Robert Horner, take care of the widowed bride. Horner was 29 years of age and manager of a cement company here in which his father is interested.

Entangled in Ropes, Aeronaut Drowns

Granite Falls, Minn., June 12.—Entangled in the ropes of his parachute John Puepura, an aeronaut of Utica, N. Y., met death by drowning in the Minnesota river, near this point. Puepura, who was employed by a carnival company that has been operating here, ascended at 6 o'clock in the evening. The wind carried the balloon up the river, and when he had traversed about half a mile the aeronaut detached the parachute. In some unexplained manner his arms and legs became entangled in the ropes and when th parachute struck the water Puepura was unable to save himself and was drowned.

"Black Hand" Demands Ransom.

New Orleans, June 12.—Six thousand dollars was demanded as ransom Monday for 8-year-old Walter Lamana, son of a well-to-do Italian undertaker. The boy disappeared two days ago, and the police have vainly searched for him. The demand for ransom money, in a letter signed "Black Hand," was their first clew.

Haskell Wins Governorship.

Guthrie, Okla., June 12.—In the democratic primaries C. N. Haskell, of Muskogee, Ind. T., for governor, received a majority of 14,000 over Lee Cruce, of Ardmore, and R. L. Owen, of Muscogee, and Roy V. Hoffman, of Chandler, have been nominated for United States senators by majorities ranging from [illegible] to 8,000.

HOWARD GOULD MAY START COUNTER SUIT

Quarter of a Million Alimony Too Much For Defendant.

WOULD SETTLE AT $100,000 YEAR

Friend of Mr. Gould Is Quoted as Saying that Howard Could Not and Would Not Entertain Mrs. Gould's Demand.

New York, June 12.—Announcement was made Tuesday that Howard Gould is considering the advisability of starting a counter suit for seperation against his wife. Such an action, he thinks, would lessen the chances of Mrs. Gould's obtaining a court decree for alimony of $250,000 a year.

One of Mr. Gould's friends is quoted as saying that Mr. Gould would be willing to set aside a sufficient sum for the support of his wife, but that he could not and would not entertain the demand for a quarter of a million dollars a year.

He thought it likely that Mr. Gould would be willing to give his wife $100,000 a year alimony and felt sure that Mr. Gould would consent to settle the suit on that basis, although Mr. Gould had never said so directly.

Briefs of the argument between DeLancy Nicoll, attorney for Howard Gould and Clarence J. Shearn, counsel for Mrs. Gould, were submitted Monday to Supreme Court Justice McCall, and a decision is looked for in a few days. This argument took place last Thursday and was on a motion by Mr. Nicoll to strike out three allegations from Mrs. Gould's bill of complaint.

REMARKABLE CONSPIRACY.

Firemen Rewarded for Extinguishing Fires They Themselves Started.

Berlin, June 12.—A series of 23 fires in Siebenlehn, Saxony, extending from 1896 to 1906, by which 63 houses were burned, has been traced to the volunteer brigade there.

Certain evidence given in a local lawsuit put the police on the track of the incendiaries, and it was found that the chief traders and the artisans and the burgomaster were the heads of the conspiracy.

The firemen were periodically rewarded for heroic conduct for extinguishing fires which they themselves had started.

DRAGGED TO DEATH BY MULE.

Peculiar and Shocking Death of Alabama Farmer.

Troy, Ala., June 12.—Jim Allen, a well known farmer, was killed at his home near Orion, in a peculiar manner. He had been working in the field and had started to ride a mule home to dinner. The mule became frightened and when Mr. Allen attempted to jump, his foot caught in the harness, and the mule ran and dragged him a mile before the animal was stopped.

Physicians were summoned, but to no avail. Mr. Allen soon expired from his injuries.

Cabrera Alive and Well.

New York, June 12.—Dr. Ramon Bergo Echoa, consul general for Guatemala at New York, received a notable dispatch from President Cabrera, of Guatemala, Tuesday, reciting that the president is "all right." The consul general also received a private dispatch from Guatemala saying there was no truth in the reports of President Cabrera's assassination. The statement that President Cabrera had been killed was made in a dispatch received in the City of Mexico Sunday night.

Shot Negro: Saved Own Life.

Montgomery, Ala., June 12.—C. C. Davis, white, shot Columbus Matthews, a negro, Tuesday morning, just in time to save his own life. The negro was just throwing up a shotgun to shoot Davis when the latter fired, hitting him three times. A brother of the dead negro has been captured at Troy on a charge of murdering his wife.

LOWMANS ARE IN JAIL AT BRONSON

Reported That Big Mob Gathered at Levy County Court House.

SPECIAL TERM OF COURT

May be Called to Try the Men—Rumored That Mob Expressed Public Censure of Sheriff Walker for Apparent Delay in Arresting Men.

A report comes from Bronson to the effect that Bascom Lowman and his son, George Lowman, accused of the murder of Dunlap Phinney at Raleigh Saturday night, are both in jail at Bronson, Bascom Lowman being arrested Monday and George Lowman Wednesday.

It is said that a large crowd late yesterday afternoon had gathered about the jail, and the spirit of the mob showed great indignation over the matter, and it is stated that Sheriff Walker has been publicly censured for having apparently delayed the arrests so long. The report of the censure of the officer is not authentic, however.

No preliminary hearing has yet been had, and it is understood that a special term of the circuit court will be asked for the trial of these men.

It is further reported that nearly five hundred people attended the funeral of Mr. Phinney in Williston.

CUMMER PEACH CROP.

Orchard at Komoko Produced a Large Crop of Luscius Fruit.

Peaches have been moving heavily from all sections of the county for the past two weeks, and the Cummer orchard, Komoko, which is the second largest in this section of the State, has furnished its share.

Parties arriving from the Komoko section bring the information that the peach season there was short but prolific, and the fruit has been even and of the finest flavor, and that altogether the growers have reaped a good financial harvest from the crop.

The early crop from the Cummer orchard has been gathered and shipped, the last movement going forward the latter part of the past week. The crop, it is said, aggregated about 3,000 crates, and the industry has afforded employment to a large number of packers and pickers.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

PLANS FOR GOVERNMENT BUILDING ARE READY AND BIDS FOR CONSTRUCTION ASKED

Gainesville Will Now Have Fine Postoffice Building In Fact.

WILL BE HANDSOME STRUCTURE

Postmaster Lynch Received Instructions to Advertise for Sealed Bids for Construction of Building, to be Returned Not Later Than July 19.

At last there seems some absolute certainty that the new Government building proposed for Gainesville by act of Congress, will be ready for occupancy within nine months or a year, as the plans and duplicates have been completed, and the Treasury Department, through James Knox Taylor, supervising architect, is advertising in The Sun today for sealed bids, to be received not later than July 19 of the present year, for the construction, complete, of this building, which will be a credit not only to Gainesville, but the State of Florida and the United States Government.

Several days ago word was received by Hon. Frank Clark, Congressman from the Second District, that all plans would shortly be ready, when the department would be in position to advertise for bids. These plans having become completed, Postmaster L. C. Lynch on Wednesday received a letter requesting him to advertise for bids.

The sum of $60,000 has been appropriated for this building, which will be ample to construct an up-to-date, modern structure. The building, which will be occupied by the postoffice and the United States land office, will contain two stories and a basement. The land office will occupy the upper floor, which will, like that of the quarters to be provided for the postoffice, be up-to-date and modern in every way, equipped with every convenience. The building will be located on the historic Oak Hall property, a beautiful tract at the foot of East Main street, dotted with magnificent water oaks, and altogether will make a most desirable spot, as the grounds will be made the handsomest to be found in this section of the State.

Plans and specifications may be seen at the office of the supervising architect, Washington, or at the postoffice in Gainesville.

K. OF P. MEMORIAL.

First Service of This Character Ever Held in Gainesville.

The first memorial service of the Knights of Pythias ever held in this city was held by Mount Vernon Lodge No. 20, in the castle hall over Dutton bank, Tuesday evening, which was well attended by members and friends, several of whom were ladies, and proved a most enjoyable affair.

The meeting was presided over by J. A. Robertson, and among the prominent officers present was L. C. Lynch, grand chancellor of the State.

The service was a public one, and the program was one which was thoroughly enjoyed. It was a ritualistic program throughout, with the exception of the address of Hon. Frank Clark. Col. Clark upon this occasion spoke upon Pythianism and its principles, and his address was full of eloquence and sound judgment.

Grand Chancellor Lynch is very enthusiastic over Pythianism, especially these memorial services, and for the first time in the history of the order in Florida these services have been generally observed by the various lodges throughout the State, St. Augustine, Palatka and Jacksonville, as well as other cities, holding large and interesting meetings.

SPRING PARK IS FAMOUS.

Manager Callison Receiving Many Letters from Foreign Countries.

Manager N. A. Callison of Spring Park Farm was in the city Tuesday.

Manager Callison is receiving many letters from Mexico, Central America and Cuba regarding his famous Hereford cattle, and is likely to make some sales after a while.

Spring Park Farm is one of the few breeders of cattle immune from tick fever in the Southeast, which is going to prove a big thing, not only for the owners of this stock, but for the city of Gainesville as well, as this is the distributing point of the company.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. A PROMINENT ELK HERE.

District Deputy Grand Exalted Ruler Taylor to Make Official Visit.

Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, are anticipating a big meeting tonight, the occasion being an official visit from District Deputy Grand Exalted Ruler A. M. Taylor of St. Augustine, who comes to inspect for the first time the elegant new quarters and general standing of the lodge.

Exalted Ruler Chubb, as well as other officers and members of Gainesville Lodge, will be glad to welcome their distinguished brother, and feel that he will be well pleased with what he sees, the results of the efforts of the youngest lodge in the State.

Exalted Ruler Chubb requests the brothers to be on hand early, in order to meet Mr. Taylor informally before the meeting is called to order, which will be at 8 o'clock.

During the session Mr. Taylor will deliver an address on Elkdom, which will naturally prove of interest to members of the order. There will be short addresses and talks by members of the lodge, and altogether an enjoyable evening is anticipated.

Visiting brothers are extended a cordial invitation.

Barbadoes, June 12.—Tenty-eight passengers, including 12 women and children, were drowned by the sinking of the French schooner LaJaliuse, from Cayenne for St. Locia. The schooner sank off Barbadoes last Friday night. Her captain and 21 men reached Barbadoes Monday.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

NEGRO APPLICANTS DETECTED OF FRAUD

Secured Examination Papers Alleged To Have Been Stolen.

FOUR WERE TURNED DOWN

Alachua County's Superintendent Notified Them the Second Day, After He Discovered Fraud, That They Would Not be Granted Certificates.

Dr. J. L. Kelley, County Superintendent of Public Instruction, announces that he has detected some gross fraud among some of the colored teachers in the recent examination of applicants for positions in Alachua county schools, a number of applicants having in their possession papers which furnished the questions and answers in advance, and which had evidently been studied carefully by those holding them.

Superintendent Kelley further states that he has secured some information of importance along these lines which may cause considerable trouble before the end has been reached.

On the second day of the examination Dr. Kelley, under the direct supervision of whom the examination was being conducted, discovered this fraud, and forthwith notified four applicants that under no condition would they be granted certificates from this county. These four applicants consequently took their leave.

There has been something radically wrong in some person securing possession of these papers in advance of the examination. It is stated that a negro druggist at Tallahassee secured possession of them in some manner, and he was arraigned in the justice court of the district in which that city is located, when one negro woman, a teacher, testified that she paid this negro $15 for a set of the papers. Fraud was also detected in Marion county, and the next to discover irregularity and fraud was Superintendent Kelley.

MR. F. G. BAUKNIGHT DEAD.

One of Archer's Oldest and Best Citizens Passed Away.

The many friends of Franklin G. Bauknight will regret to learn of his death, which occured Tuesday night at Archer from measles and pneumonia. He was born in Lexington county, South Carolina, September 4th, 1848, and moved to Florida with his parents in 1850. He leaves a wife and four children, two sons and two daughters; also two brothers, J. P. and C. W., and two sisters, Miss Charlotte and Mrs. Shaylor.

The full particulars have not yet been learned.

Mr. J. P. Bauknight, who resides in this city, could not be present with his brother, owing to the illness of his wife here.

IN THE MAYOR'S COURT.

Will Taylor Abused His Wife and Got Just Deserts Wednesday.

Will Taylor, colored, was arraigned in the Mayor's court Wednesday morning upon a charge of abusing his wife, and threatening to "wipe up the floor" with her.

After hearing the evidence in the case, Taylor was given a reprimand and assessed a fine of $5 and costs, amounting to nearly $10, and was released after payment of same.

Card of Appreciation.

JAS. LEE, Sec. Pro Tem.

Drowning of an Epileptic.

Savannah, Ga., June 12—John D. Davis, the 17-year-old son of S. M. Davis, fell into the guards' swimming pool Monday afternoon, while having an epileptic fit. He was taken out at once, but nearly two hours' efforts to resuscitate him failed.

ORANGE HEIGHTS NOTES.

Orange Heights, June 12.—Miss Belle Hall and Miss Ada Hall, who attended the Normal at Starke, have returned home.

Mrs. Bud Wilkes and daughter, Luella, of Earleton spent Monday with Mrs. Julia Hall.

Miss Dorothy Smith of Arredondo is the guest of Miss Minniella Eddy.

J. H. Patterson of Gainesville was here on business Saturday.

The two little sons of Jim Suggs, a former citizen, are here on a visit to their uncle, H. H. Bryan, and family.

TROUBLES ENOUGH

Has Japan Without a War With Us, Says Admiral Coghlan.

New York, June 12.—"I am convinced that we wil never fight Japan within my lifetime, and I ought to round out at least 20 years more."

Rear Admiral J. Coghlan, recently retired from the United States navy, made this statement the other night. He added:

"Japan has troubles enough of its own in developing Manchuria and eastern Asia without attempting to stack up against the United States."

Schmitz Trial Nearing End.

San Francisco, June 12.—The trial of Mayor Schmitz continued Tuesday, and with reasonable cross-examination it was expected that the defense would complete its case. The grand jury intended to begin an investigation Monday of the arrival of shipments of dynamite to San Francisco. The United Railroads had blamed the car men and the car men in turn had blamed the United Railroads. In view of the fact that the Schmitz trial is nearing completion, it is stated that no session of the grand jury will be held until the case against Schmitz shall have gone to the jury.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

American Killed in England.

Barburg, England, June 12.—In a motor car accident at Eldgehill, near here Monday, a Mr. Johnson, of the state of California, was killed and a Mr. Blake, of Philadelphia, was mortally injured. Mrs. Johnson and Mrs. Blake, who were of the party, sustained grave injuries and their condition is precarious.

GRADING COMMITTEE MAKES ITS REPORT

An Interesting Statement of Standing of Applicants.

ONLY SIXTEEN THAT PASSED

Out of Thirty-Five Applicants, Which Goes to Show How Strictly and Correctly the Examination Laws Are Carried Out in Alachua County.

The committee on grading for the examination of applicants for positions as school teachers in Alachua county, comprising Prof. Tom. F. McBeath of the Gainesville Graded and and High School, Prof. W. E. Bell of the Waldo Senior High School, and Miss Elsie V. Smith, made its report to County Superintendent J. L. Kelley a couple of days ago, and shows up as follows:

White—Twelve applicants. Three first grade, seven third grade.

Negro—Twenty-three applicants. One first grade, one second grade, four third grade.

The grading committee was one of the best and most competent and fairest the county has ever had. The examination was conducted under strict rules and observance, and altogether the result was most gratifying. Those who failed to pass, however, need not be discouraged, as the provisions are very stringent in this county.

HAVE YOU CATARRH?

Breathe Hyomei and Relief and Cure Will be Guaranteed.

If you have catarrh with offensive breath, burning pains in the throat, difficulty in breathing, raising of mucous, discharge from the nose, tickling or dropping from the back of the throat, coughing spasms, etc., begin the use of Hyomei at once.

Hy-o-mei is made from nature's soothing oils and balsams and contains the germ-killing properties of the pine woods. Its medication is taken in with the air you breathe, so that it reaches the most remote part of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

The complete Hy-o-mei outfit costs but $1.00; and J. W. McCollum gives his personal guarantee with each package that money will be refunded unless the treatment does all that is claimed for it.

To Our Friends and Patrons.

The closing of our banking department is now fixed for the 5th of July. This will be immediately succeeded by The Dutton Bank, a State institution organized by and to be conducted and managed by some of the most reliable and conservative men of the city and vicinity.

All deposits in the bank of H. F. Dutton & Co. will be transferred to the new bank, unless otherwise directed by the depositors, and business will continue without change or interruption of any kind. The new bank will forward receipts and all necessary papers to the depositors.

Parties holding time certificates of deposit can have them redeemed at once, with interest, or can hold them until their maturity, to suit the wishes or convenience of the holder. The new bank will issue certificates with like conditions if parties so desire.

We bespeak for our successors the same liberal patronage that we have received. They are men so well known in this vicinity that they will have already secured the confidence of others as they have of ourselves. They ask for your patronage, and will return in favors as liberal as a conservative method of doing business will permit. If our old depositors, who have been with us so many years, will extend to them the same confidence, favors and patronage that they have so liberally given us, they will add to the many obligations under which they have already placed us.

H. F. Dutton & Co. will handle cotton (bales of cotton) as usual at the old stand. Very sincerely,

H. F. DUTTON & CO.

They are Liver Pills

Ayer's Pills are liver pills. They act directly on the liver, make more bile secreted. This is why they cure constipation, biliousness, dyspepsia, sick-headache. Ask your doctor if he knows a better laxative pill. We certainly do not. If he does, then use his kind.

We have no secrets! We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass the trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves the tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO., ATLANTA, GA.

STRINGFELLOW CASE IS STILL IN COURT

Famous Case Will Take Up Entire Time of Court Today.

ARGUMENTS WILL BEGIN

This Morning, and Case is Expected to Go to the Jury at a Late Hour This Afternoon—A Civil Case of Unprecedented Record in Alachua.

The famous case of J. D. Stringfellow vs. the Vaughn Seed Store, assumpsit, damage $1,900, which has occupied the attention of the circuit court during the week, is yet on, and the prospects are that the entire day will be taken up. The testimony was concluded at the adjournment of the court yesterday, and this morning the argument will begin.

This is without doubt the longest drawn-out and most stubbornly fought civil case appearing on the docket of Alachua county for many years, and every inch of ground has been taken up on both sides.

The arguments will be made today, and it is expected that the case will go to the jury at a late hour this afternoon.

BURNED TO DEATH IN HIS STORE

Brother of City Physician Skinner, of Selma, Meets Tragic Death.

Selma, Ala., June 12.—Will Skinner was burned to death in his store about 9 miles south of Selma Monday night.

The report of a gun or of an explosion attracted the attention of neighbors, who hastened to the scene, but were too late to do anything to save Skinner's life, who had been asleep in the store.

The origin of the fire is unknown.

Skinner's arms were burned entirely off. He is a brother of City Physician Skinner, of Selma, and is well known in this section.

Nine Contesting Boats Reach Goal.

New York, June 12.—Late advices from Hamilton, Bermuda, state that nine of the twelve contestants in the New York and Bermuda ocean yacht race have arrived there. They arrived in the following order: Dervish, Hyperion, Lila, Shamrock, Priscilla, Mist, Surah, Zinita and Tammany. The schooner Dervish won the prize for the larger class of boats and the Lila won the competition for boats of the smaller class. The three boats yet to be heard from are the sloops Isolt and Flamingo and the little yawl Zena.

Deadly Work by Exploding Gas.

Collinsville, Pa., June 12.—Mary Monoghan, two years old, is dead; Mr. and Mrs. John J. Monoghan, parents of the child, are dying; and three other persons are in a serious condition from burns received in a gas explosion early Monday at the Monoghan home. The explosion was caused when gas escaping from a defective rubber hose attached to a stove was ignited by an oil lamp.

Hyperian Wins Cup.

New York, June 11.—Late dispatch from Hamilton, Bermuda, reported the arrival there of the yawl Lila, three hours and thirty-four minutes after the yawl Hyperion, both contestants for the three clubs cup for the smaller boats in the New York-Bermuda ocean yacht race. As the Hyperion allowed the Lila six hours and 45 minutes the latter wins the three clubs cup.

Big Order for Cars.

Pittsburg, June 11.—Order afor the construction of 6,000 cars aggregating in cost $6,500,000, have been placed within the past 48 hours by the United States steel corporation. This is one of the largest orders for steel products and the largest for steel cars that has been placed since the steel car construction has been an industry of the Pittsburg district.

Rrecruiting Station at Americus.

Americus, Ga., June 12.—An army recruiting station has been established in Americus with Lieutenant John Lipop in command. Indications point to the enlistment of quite a number of the youths of this city and section.

Harper Elected Superintendent.

Raleigh, N. C., June 12.—Francis M. Harper, a native of Kingston, was elected superintendent of the Raleigh public schools. He has for six years been assistant superintendent of the schools at Athens, Ga.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

LAMBERT UNDER ARMED GUARD.

Feeling Among Soldiers at Parker is Still Very High.

Denver, Colo., June 12.—L. F. Lambert, the saloonkeeper who shot two United States soldiers of the Twenty-first infantry Friday night at the target range at Parker, was arrested Monday and is held at Castle Rock by the sheriff of Douglass county. Colonel Williams, of the Twenty-first infantry, sent word to the judge advocate of the department of the Colorado to go to Castle Rock and take charge of the prosecution for the government.

The feeling among the soldiers who are at target practice at Parker is still so high that Lambert has been placed under an armed guard and one has also been placed in charge of Lambert's saloon to prevent its destruction.

Private G. J. Salmon and Musician John J. Ennenda, the two men who were shot, are seriously injured.

SULPHUR BRINGS HEALTH.

Purifies the Blood and Clears Up the Complexion.

Everybody needs to take sulphur at this season. Nothing like it to purify the blood, clear up the complexion and remove "that tired feeling." But the only way to take it is in liquid form. Hancock's Liquid Sulphur taken internally is the best Spring tonic. Applied externally Hancock's Liquid Sulphur quickly cures Eczema, Tetter, and all Skin Diseases. Hancock's, the only Liquid Sulphur Ointment, removes Pimples, Blackheads and Sores, and gives a beautiful soft, velvety skin. Your druggist sells it. It cured Edward D. Herring of Frederick, Md., of a bad case of Eczema, and he writes: "My face is as smooth as an infant's."

All-about-Sulphur Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

Lost Her Life in Saving Daughter.

Grafton, W. Va., June 12.—Information has just reached relatives in this city of the tragic death of Mrs. Augusta Barnes, formerly of Flemington, W. Va., at Keller, Wash. Mrs. Barnes and a daughter were crossing a bridge over a swollen water course and the daughter lost her balance and fell. Mrs. Barnes immediately jumped into the stream to save her loved one, and she was drowned in the attempt. The girl was rescued by a man, and later the remains of the heroic mother were recovered and interred at Keller.

No Prayers at Funeral.

Elwood, Ind., June 12—Charles F. Housman, aged 67, a prominent resident and veteran of the civil war, who died of heart failure, was buried here. There was an unusual funeral service. In accordance with the atheist's instructions, the widow did not allow prayers or sermon. Instead, a selection was read from one of the books in the deceased's library, telling of the origin and the end of man.

Negro is Lynched.

Gibbs Landing, La., June 12.—James W. Wilson, a 22-year-old negro, was shot to death and his body badly burned by lynchers near here, Saturday night. The news has just reached this place. It is reported that the negro, while on a visit to a plantation from which all the white men were absent, attempted criminal assault upon a daughter of the planter. An old negro mammy is said to have driven him away. The lynching followed within a few hours.

Cut His Throat with Glass.

Columbus, O., June 12.—John Wade, aged 31 years, a farmer, of Union county, committed suicide after three futile attempts in the State hospital by cutting his throat with a piece of glass. He had been three times in the hospital. Wade had escaped from a padded cell and secured the glass. He was recaptured and locked up without being searched. Two minutes later he severed his carotid artery. The body will be sent to his home.

A Rain of Fish.

Kansas City, Mo., June 12.—On Sunday a large quantity of small, silver-colored fish, closely resembling mountain trout, fell from the sky at Independence, a Kansas City suburb, during a heavy shower. The fall of fish was heaviest over the public square, in the center of the town. So many of the fish fell there that the catch basins built to carry the water to the sewers were clogged and the water backed up and covered the side walks.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

The Rev. Mr. Long is not likely to call in person at the White House for that apology he feels is due him.

"Ohio Democrats Hopeful," says a headline in The Baltimore Sun. It has been a long time smce they were pieful, however.

Having invaded a Chicago packing-house, Gen. Kuroki doubtless understands now that there are even worse things than war.

Cartoonist Nast's famous ring of grafters pointing to each other would very well apply to the present situation in San Francisco.

The case of the Dampskibsactresesskabet vs. Rotterdam was recently called in Holland. A case with a bad beginning and a bad ending.

The Irish are threatening to boycott all goods bearing a portrait of the British lion. This is a new way of twisting that animal's tail.

An Ohio man has been twice struck by lightning, and, as we understand it, he never gave his neighbors reason to suspect that he had a hankering for office.

A girl at Pittsburg got out of her bed, took a slat from her bed, and smashed a mouse that was annoying her. You don't have to believe it unless you want to.

Now that Mr. Roosevelt has taken up the role of critic, perhaps it would be well for Mr. Cleveland to look over his revises when he writes anything on fishing.

Prices are on a higher level than they have been for seventeen years, according to the bureau of labor. We are glad to know they are on the level, even if it is higher.

"What a great world this would be," reflects The Baltimore American, "if the business man could banish care like the boys and girls on roller skates." Often it is the youngsters on roller skates who make it impossible for him to banish care.

Is Gainesville to see the Fourth of July pass without an appropriate celebration? Many places are already making preparations for a proper observance of the event, and if our Board of Trade would get together and arrange a suitable and entertaining program, hundreds of our country friends would be glad to come and spend the day with us.

Those who expect the Republicans really intend to reform the tariff should take heed of the declaration of Speaker Cannon that the coming Congress was elected on the platform of "let well enough alone." As Uncle Joe will probably be re-elected speaker and thus again boss the people's representatives, the standpatters will have the inside track and reform will be postponed until—well, when the Democrats control Congress.

PARTY FEUDS.

Our Republican friends are very prone to point out the differences of opinion among Democrats as to men and measures with a view of preventing the unification of the Democratic party. They cannot, therefore, complain if their own factional fights are exploited, especially as they are asserting themselves most aggressively and obtrusively. These Republican feuds are most prevalent in New York, Delaware, Massachusetts, Pennsylvania, Ohio, Kansas, Minnesota, North and South Dakotas, Iowa and California.

In New York there is the Hughes and anti-Hughes factions; in Delaware Addicks is still a bone of contention; in Massachusetts the tariff revisionists and standpatters are expressing themselves in anything but a kindly mood about each other; in Pennsylvania the Penrose ring is battering the reformers and graft is so prevalent that the honest Republican voters are becoming more and more disgusted; in Ohio the Taft and Foraker factions are trying to destroy each other; in Kansas there is a complication of corruption and personal politics; in Minnesota it is the people against the machine tinctured with too much railroad boodle; in North Dakota the Northern Pacific railroad ring has been knocked out and is ready to turn the State over to the Democrats rather than see the reformers successful; in South Dakota the Gamble and Kittredge factions are preparing for another death struggle; in Iowa the Cummins and anti-Cummins rings are opposing each other on whether the tariff shall continue to shelter the trusts and who shall succeed Allison as Senator; in California the Harriman railroad ring has the party by the throat and there is an era of corruption and grafting, with several prominent Republicans in danger of indictment and conviction. In fact the States where the Republican party is united are the exception and it is almost impossible to name one where charges of grafting and rottenness are not openly made by some faction against another faction.

These Republican feuds are disgusting the honest voters of that party and it is evident that it will be more and more difficult to get all the elements necessary to success combined on whoever is nominated. The bitterness engendered will also affect the nomination and election of the local tickets, and there is where the Democrats will have a great opportunity in some of the doubtful States and Congressional districts.

But to take advantage of these differences among Republicans the Democrats must unite and while cleaving to the essential principles of Democracy can afford to compromise or lay by their disagreements on policies until they have defeated the common enemy.

The percapita distribution of wealth in this country is reported to be $1,310. The fact that John D. Rockefeller has cornered the vast majority of the per caps somewhat detracts from the exceeding joy that this item might be expected to arouse.

How can the tariff which protects the trusts be "revised down by its friends?" The principal friends of the tariff are the trusts and the Republican politicians, who participate in the plunder through fat fried from the trusts and protected interests.

May Irwin says a woman is happiest with a young husband. This is undoubtedly true, if the young man has no deep-seated prejudice against splitting the kindling and lighting the kitchen fire in the morning.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

Daily shipments of pineapples from the lower East Coast now exceed twenty cars. The foreign exports will probably be greater this year than ever before. This is merely introducing a delicious fruit to many thousands of persons who never had a chance to eat it before. When the foreign demand once begins to grow it will be difficult to satisfy it without a very great increase of the acreage devoted to this fruit. The future of pineapple culture is golden. The domestic consumption is increasing every year while the foreign trade has yet hardly passed the experimental stage. It will be marked when it is shown that the pineapple can be shipped across seas successfully.—Times-Union.

The papers North and South are teeming with comment favorable on Senator Daniel as an available candidate for President. Personal opinion has also been very generally quoted on the same subject, of which the statement of Forrest W. Brown, a prominent lawyer of Charleston, W. Va., is a fair sample: "The Senator can have the delegation from West Virginia any time he wants it, for West Virginia is in the South again, as far as its realization that Senator Daniel would make an admirable candidate is concerned. If nominated, he would run very strong in the State, for he is regarded as a clean and able man and a representative of both the old and new South. He would run strong in my part of the State. We should like to see Senator Daniel nominated for the Presidency and the tariff revised."

The first test of the power of the Interstate Commerce Commission to control railroad rates under the new law has been decided in favor of the commission by the United States Supreme Court. The case involved an advance in rates on lumber from the South to Ohio river points, and the commission issued orders forbidding the enforcement of the advanced rates, which the court has now decided were unreasonable.

FORCED THE REVOLUTION.

Major Sullivan's Capture of Fort William and Mary.

Just before sunset on the afternoon of the 13th of December, 1774, Paul Revere jumped from his foam covered steed in front of a house in Durham, N. H., rushed in and informed its owner, Major John Sullivan, that two regiments of British regulars were about to march from Boston to occupy Portsmouth and the fort in its harbor.

In an instant Sullivan made up his mind as to what it was his duty to do, and within less than two hours by the old grandfather's clock that stood in his hall he had gathered his force and was ready for business.

The party, sixteen in number, boarded an unwieldy sloop rigged old craft and darted off down the river to Portsmouth. It was a clear, cold moonlight night, and presently the crude masonry of old Fort William and Mary loomed up in the distance, reminding them of the fact that they were close on to their quarry.

When within a rod or so of the shore, their vessel grounded in the shallow water, and in silence they waded to land, mounted the fort, surprised the garrison and found themselves victorious without the loss of a man or even of a drop of blood.

Securing the prisoners, the patriots at once broke into the magazine, where they found 100 pounds of powder. The powder, along with ten stand of small arms, was put aboard of their craft and taken back to Durham, where it was buried under the pulpit of the old meeting house in front of Major Sullivan's house.

Six months later the battle of Bunker Hill came off, and it was this same powder, captured by Major Sullivan at Fort William and Mary, that enabled the Americans to kill so many of the British in that historic encounter. Powder was exceedingly scarce in the patriot army, and Sullivan, anticipating that such might be the case, filled "old John Demerett's ox cart" with the powder he had buried under Parson Adam's pulpit and sent it over the sixty odd miles of rocky road to Boston, where it was destined to do such good service in the cause of liberty.

It was the news of Sullivan's capture of Fort William and Mary that precipitated the Revolution. After such a daring deed Lexington was a foregone conclusion.

In the words of another, "Sullivan was the first man in active rebellion against the British government, and he drew with him the province he lived in." In an address on the history of this part of New Hampshire the Rev. Quint of Dover, referring to the attack on the fort, said: "The daring character of the assault cannot be overestimated. It was an organized investment of a royal fortress where the king's flag was flying and where the king's garrison met them with muskets and artillery. It was four months before Lexington, and Lexington was resistance to attack, while this was deliberate assault."—Rev. Thomas B. Gregory in New York American.

POINTED PARAGRAPHS.

Cheerfulness is a great aggravation to an angry man.

Nearly every one thinks he is a good judge of human nature.

You can't do anything very well if you don't want to do it.

It is not difficult to prove you are right from your own point of view.

How people economized in the old days! But not many people do it now.

Some men would do wonderful things if some little thing were not in the way.

When a boy wants a favor from his parents he asks his father's permission and tells his mother he is going to do it.

The average friendship is wrecked upon the fact that the average person's idea of a friend is some one he can impose upon.—Atchison Globe.

Movements of Jellyfish.

The movements of the jellyfishes are governed by ringlike disks which pulsate rhythmically in response to stimuluses, says Professor A. G. Mayer. When the outer sense organs of the jellyfish cassiopea are cut off, the disk is paralyzed and does not pulsate in sea water. But if the mutilated disk be subjected to a mechanical or electrical shock—a single touch with a crystal of potassium sulphate will suffice—it suddenly springs into unusually rapid rhythmical pulsations. This is regular and sustained like clockwork and continues indefinitely without further external stimulation. The waves of pulsation all arise from the point which has been stimulated, and any cut that breaks the circuit stops the waves of pulsation. When each wave in a complete circuit returns to the point where the stimulus was first applied, it is re-enforced and again sent out through the circuit. The center—the point where the stimulus is applied—once established remains fixed as long as the disk continues to pulsate. And, once it is started by a stimulus, the pulsation is self sustaining—that is, it continues, sustained by internal stimuli until stopped by an external cause.—New York World.

Burro Drivers Carry Candles.

In Mexico all vehicles, be they handcart, automobile or anything between, must carry a light at night. This rule or law is rigidly enforced. Even the drivers of the poor little burro or mule carts, on their two wheels, must carry a light. So, rather than buy lanterns, which cost money, they take a dip candle, and wrapping it in a bit of newspaper to shield it from the wind carry it in their left hand as they drive along homeward from work after evening has fallen. The effect is striking, as the light falling strongly on the Indian driver throws the face of the man into strong relief against the darkness.—Modern Mexico.

English Jurors' Remuneration.

The scale of remuneration of English common jurymen is absurd. In a civil case in England a common juryman is allowed 5 shillings ($1.25) a day for "a view"—that is, for inspecting any property or thing in dispute—but otherwise he is, in law, not entitled to any remuneration. It is usual, however, in the high court to give him a fee of 1 shilling and in the counties 8 pence. Special jurymen receive much higher remuneration. The fee in the county court is 1 shilling a case, in the mayor's court 2 pence and in the London sheriff's court 4 pence.—Chambers' Journal.

Not Hopeful.

"'Tis a fine, elegant husband you have, ma'am," said Maggie. "Him and me was talkin' about Ireland this mornin'. He's traveled as far as many a gentleman. And there ain't many husbands as good to their wives, ma'am. Look how he brings you lettuces and things from the market. But dear, dear! That kind never lives long."—Newark News.

Independent Criticism.

A little girl sat gazing fixedly at the new bonnet of one of her mother's visitors until the caller smilingly asked, "Do you like it, my dear?"

The child innocently replied: "Yes, I do. Mamma and Aunt Milly said it was a perfect fright, but it doesn't frighten me a bit."

He who commits an injustice is ever made more wretched than he who suffers it.—Plato.

THE SPENCER MEMORIAL.

Whether Monument or Hospital Will Be Decided Upon Soon.

Jamestown Exposition, Va., June 11—The final plans for erecting a monument to the late President Samuel Spencer, of the Southern railroad, by the employees of that road and the consideration of building a memorial hospital instead will be definitely decided upon at a meeting of the committee in Washington in the next few days.

While no definite plans have been proposed for the memorial hospital at Atlanta, the interest in the movement has not in the least abated, and the matter will be disposed of as soon as the wishes of the employees can be learned. Whether a hospital or a monument shall be erected will be left entirely to the wishes of the employees as they inaugurated plans for a memorial to the late president.

Thirty-six thousand dollars has been subscribed for the monument, which, if built, will be erected on the plaza of the Terminal station in Atlanta. If the hospital is decided upon, $100,000 will be necessary.

TREATY VIOLATED, SAYS JAPAN

The Counsel of the Progressives Has Adopted Resolution.

Tokio, June 11—The counsel of the Progressives at a meeting on Monday adopted a resolution, the substance of which was as follows:

"The anti-Japanese feeling upon the Pacific coast of the United States, especially in San Francisco, culminated in an assault upon Japanese trading places last month, constituting a most flagrant violation of the rights guaranteed by the treaty concluded on an equal footing between the two nations.

"These anti-Japanese acts are not of a temporary nature, and the federal government at Washington must be held responsible for its failure to prevent such outrages.

"The attitude of our government toward that in Washington has so far been unsatisfactory to the nation, and it is necessary that proper steps should be taken by our government in order to maintain national dignity, and permanently insure the safety of the rights and property of our compatriots in America."

TWO KILLED; FIFTEEN HURT.

Street Car at Los Angeles Turned Completely Over.

Los Angeles, Cal., June 11.—Two passengers, a man and a woman, were almost instantly killed and fifteen others were more or less seriously injured Sunday when a city bound car on the Los Angeles railway jumped the track while rounding a sharp curve at Colorado and Center streets and turned over completely. The car was going at a high rate of speed. The dead:

Gwendolyn Burroughs, Grass Valley, Cal.,

Frederick Vent, Los Angeles.

Seriously injured:

Jack Green, back broken, injured internally; will die.

Prominent Alabaman Dead.

Huntsville, Ala., June 11—Dr. J. P. Hampton, aged 82 years, died Saturday afternoon at Meridianville, after a long illness. He was a confederate veteran, having been a captain in the Forty-third Mississippi infantry. He was 21 years moderator of the Liberty Baptist association; was several times representative of Madison county in the state legislature, and was for a long time president of the Madison County Medical society.

The Goose.

The goose, which for some unknown reason has become an emblem of idiocy, but which is really a wise bird of good habits and one of the most profitable for the fancier, was probably the first fowl to be domesticated by man. Homer, 1,200 years before the Christian era, speaks of his geese, in which he was greatly interested, and the hieroglyphics of Egypt prove that at his time they had been tamed for centuries.—Circle.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

LADY GROSVENOR AS A GYPSY

Queer Freak of Sister-in-Law of the Duke of Westminister.

London, June 11.—According to a story published here Lady Arthur Grosvenor, sister-in-law of the duke of Westminster, the wealthiest duke in England, is traveling about the country in a disguise of a gypsy. Her traveling establishment is like an ordinary gypsy van with baskets for sale, hung about it and a kettle, frying pan and saucepan strung beneath it.

Lady Grosvenor has been playing gypsy since May 27. She is now traveling through Oxfordshire. She gets up at 5 o'clock every morning, cooks her own breakfast and usually takes the road at 8 o'clock. She may possibly write a book on her experiences in the gypsy life.

Found Dead in His Buggy.

Washington, Ga., June 12.—J. C. Dyson, one of the most prominent citizens of Wilkes county, died suddenly Monday morning of heart failure. He was found dead in his buggy in which he had started out to his farm. Mr. Dyson was a successful planter, a member of the county school board and a conspicuous member of the East Wilkes Club, an organization composed of the most successful farmers of the county. He was vice president of this organization and was to have been elected president of the club at their first meeting of the year, to be held this month. He was about 65 years old, and served with distinction in the confederate army during the war.

May Include Taft in Damage Suit.

New York, June 11.—The statement of Mrs. Ayres, wife of Lieutenant Colonel Charles G. Ayres, U. S. A., in which she spoke of the secretary of war's letter to her husband forbidding her to trespass upon the reservation in West Point as "so insulting and despicable that I will not repeat it or show it" and which she said she had placed in the hands of her lawyers, was considered an intimation at West Point that she intended to include Secretary Taft in the suit for damages she has announced she would bring.

Gravitation.

Gravitation as a supposed innate power was noticed by the Greeks and also by Seneca, who speaks of the moon attracting the waters, about 38 B. C. Kepler investigated the subject about 1615, and Hooke devised a system of gravitation about 1674. The principles of gravity were demonstrated by Galliel at Florence about 1633, but it was not until the great Newton stepped upon the stage that the matter was fairly settled. The others had guessed. Newton proved, and to Newton unquestionably belongs the high honor of having shown us the true mechanism of the heavens.—New York American.

Shorten the Agony.

"Why," replied the barber, "you said you had plenty of time."

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY ....IN GAINESVILLE....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.,

MRS SCARBOROUGH DEAD.

Estimable Lady of Fairbanks Passed Away in This City.

Mrs. M. W. Scarborough of Fairbanks, aged twenty-three years, died at the Odd Fellows' Sanitarium Tuesday morning of typhoid faver, after an illness of about three weeks.

Deceased was a daughter of Mr. and Mrs. A. J. Surap, and was born in Alabama. She had been in this section of the country only a short while. She was a devoted Christian, a member of the Congregational Methodist Church.

The funeral was held in Evergreen cemetery Tuesday afternoon, Rev. Thos. P. Hay of the First Presbyterian church officiating. The remains were followed to the grave by bereaved relatives and friends, where a most impressive service was held.

Deceased is survived by her parents and husband, to whom the sympathy of the community is extended.

Mr. and Mrs. Perry M. Colson and Dr. and Mrs. J. F. McKinstry, Jr., who left this city a few days ago for Battle Creek, Mich., were supposed to have reached their destination Sunday afternoon, though nothing has been heard from the party. Information received from Chicago stated that Mr. Colson, for the benefit of whose health the trip was made, was resting nicely, and in fact felt already improved. Mr. Colson will enter the Battle Creek Sanitarium, and his numerous friends throughout the State trust that he will soon completely recover.

J. C. Goodwin, who has been in this city for the past five weeks, left yesterday for his home in West Lebanon, Ind. He expects to take his time en route, however, visiting the Jamestown exposition, Richmond, Washington and other points. Mr. Goodwin owns considerable real estate in this section, and was here looking after same. He is well pleased with the rapid development of Gainesville and the entire section, and promises to join his friends again early in the fall.

J. S. Goode has returned from a business trip to Tampa, where he has been looking after his real estate interests.

ORCHARD A MARVEL ON WITNESS STAND

His Cold-Blooded Recitals Fill Court With Horror.

STEVE ADAMS IS TO TESTIFY

Orchard Has Claimed that Adams Was His Partner in Many of His Most Desperate Undertakings, Such as Blowing Up Independence Depot.

Boise, Idaho, June 12.—There is much speculation as to what Steve Adams will say when placed on the stand as a witness for the state against William D. Haywood.

Orchard has said that Adams was his partner in many of his most desperate undertakings, such as the blowing up of the Independence depot. Adams, who came to Boise Monday from Shoshone county, where he is awaiting trial for murder, is said to be in a sullen mood, and not likely to answer any of the questions. It is known that his repudiated confession is in the hands of the counsel for the prosecution of Haywood, but it is doubtful if this confession can be brought within the cognizance of the jury unless Adams himself consents.

Mrs. Annie Adams, who has been in Boise since the trial began, and who is in daily attendance at the court room, saw her husband at the county jail Monday night. Mrs. Adams is credited with much influence over her husband. It was at her solicitation, it is said, that he repudiated the confession he made last year. He went so far after making the confession as to travel to Colorado with General Bulkely Welles and report has it that, under the direction of Adams, evidences were discovered that cleared up the mysteries of several disappearances. Skeletons of non-union miners, who were believed to have been killed, but the proof of whose death had never been found, was discovered.

Startling Confession.

The most startling part of Adams' alleged confession is the murder of Arthur Collins, manager of the Smuggler Union mine near Telluride in Colorado. After making his confession, Adams was taken to Collins' house and pointed out where he stood to fire the shot that killed Collins. An accumulation of corroborative evidence is said to have been secured.

Collins was shot through the window of his library where he was playing cards with some ladies. Adams spent that night at the house on the occasion of his visit in charge of General Welles. A cartridge was found at the place Adams pointed out and a witness met a man walking away from the place carrying a gun just after the shot was heard.

Another man says he met the same man later, but that he had no gun. The weapon was found between the two places. It is said that should Adams be acquitted of the murder for which he is yet to stand trial, the Colorado authorities will requisition the governor of Idaho and will try him on the charge of the murder of Collins. There is some belief that Adams may yet repeat his alleged confession. Counsel for the prosecution say they are not depending upon Adams to confirm Orchard, but that they have a sufficiency of corroborative testimony.

Orchard Shows No Fatigue.

Harry Orchard went on for his fourth day of cross-examination Tuesday. He shows not the slightest sign of fatigue. On the contrary, he grows, apparently, stronger. Even counsel for the defense admit that he is a marvel. Monday when he was called upon to show where he stood when he fired the mine that blew up the Independence depot and killed four men, he bent over from the witness stand to the stenographer's table and with a hand as steady as a rock, drew a complete plan, making the dotted lines to show which way he ran and giving the direction of the railroad and spur track along which he said he and Steve Adams ran after the explosion. Tuesday he completed his story of the attempt to kill Fred Bradley, former manager and national president of the Bunker Hill mine, which was blown up by the striking miners in 1899.

The prosecution attaches much importance to this part of Orchard's testimony. A number of witnesses were here from San Francisco and testified in support of the attempt on Bradley's life.

Climax to Dramatic Rehearsal.

As in the rest of his cross-examination, Orchard, under the fire of questions has only strengthened his direct testimony as to the San Francisco story. He went into the most minute details and gave the names of a dozen people who can confirm or deny. For instance, he has said where he bought the strychnine for the milk, where he bought the gunpowder, how and where he got money from Pettibone and the names of servants. He took the cook to the theater, he said, in order to find out from her the habits of the household and the climax of his dramatic rehearsal was how he placed the strychnine in the milk, that by his own admission might have poisoned a baby, the mother, three women servants and Fred Bradley. Mr. Richardson facetiously remarked that perhaps he tried to poison the cook because she did not like the play to which he took her. The joke relieved the minds of the jury and the spectators, who had up to that moment been wrought up to a pitch of horror for the man who could so coolly tell of his cold-blooded indifference to the consequences of this attempt to reach the man who had opposed union labor.

KILLED IN AUTO SMASH.

Car Was Running 40 Miles an Hour, It Is Claimed.

New York, June 12.—Running 40 miles an hour along a dark stretch of the ocean parkway near Coney Island an automobile with seven race track men aboard struck the back of a Victoria carrying two men and two young women Sunday night, when all hands were gayly returning from the city after a merry night at the shore.

Under the motor car, which turned a complete somersault, one man was crushed to death and another fatally injured. The remaining five, tossed in all directions, were maimed and cut.

Of the Victoria party every one likewise was hurled into the road and hurt. The women had to be carried into a nearby house and worked over for an hour before they were revived. They are said to be prominent socially, one being described as the fiancee of Hubert Payne Drinkwater, who engaged the Victoria, and who is a wealthy English mining engineer and a relative of the nobility.

The victim of the crash was Thomas Heffner, 45 years old, of Sheepshead Bay, a trainer for various racing stables.

Union Employees Make Demand.

Detroit, June 12.—At a mass meeting of 2,300 members of the local Street Railway Men's union Tuesday, the men voted to give the Detroit United railway 48 hours in which to either grant their recent demand for 28 cents cents per hour, or submit the question to arbitration. Failure to meet this demand by the company, it is said by the leaders among the men, will probabl result in a strike.

Corset Saver Her Life.

Lexington, Ky., June 12.—Corset stays saved the life of Malissa Coleman when she was cut in a free-for-all fight by Mat Lewis. Lewis used a dirk and the woman was seriously injured. The steel stays, howvere, prevented the blade from penetrating her abdomen deep enough to prove fatal.

President Returns to Washington.

Washington, June 12.—President and Mrs. Roosevelt and party, who attended the Georgia day ceremonies Monday at the Jamestown exposition, arrived at the Washington navy yard at 7:30 a. m. Tuesday on board the converted yacht Mayflower. The trip from the exposition to Washington was without special incident.

Sacred Heart Church Burned.

Ottawa, June 12.—The Catholic church of the Sacred Heart, one of the finest edifices in this city, was destroyed by fired Monday night. The church cost $200,000.

CATLETTSBURG, KY., TOSSED BY STORM

Scarcely a Whole Building Left In the Town.

LIGHTING PLANT WAS DISABLED

Wires of the Telegraph and Telephone Companies a Tangled Mass. Steamer Overturns and Drifts Down the River.

Catlettsburg, Ky., June 12.—This city was in total darkness Monday night, and there is scarcely a whole roof, skylight or window in town.

A number of houses were completely unroofed, and one dwelling house was blown from its foundations by the most terrific storm in the history of this section. The streets are bestrewn with all sorts of debris, and the wires of the telephone and telegraph companies are a tangled mass.

The electric lighting plant was smashed by the falling of the smoke stack, and will be disabled for several days.

No casualties have as yet been reported.

The Cando, a river steamer, was turned over on its side, and it went down the river with the current.

The Emma Marie went to her assistance, but could not land her. She was valued at $6,000.

The roof was blown from the county court house, the Methodist Episcopal church, the Meek Printing company's building and a number of other buildings.

HUZZARS CHARGE PEOPLE.

Wine Growers Cause Serious Disorders in Portions of France.

Montpeliar, France, June 12.—After the announcement of the resignation of the municipal council here on Monday night, in accordance with the wine growers' program, the arrest of a youth for carrying a banner bearing the inscription:

"March on Paris. Long Live the Revolution," led to serious disorders.

Huzzars were called out and they charged the people repeatedly. Several persons were injured, and calm was only restored by the release of the prisoner.

Marcelin Albert, the leader of the movement, has issued a circular to all the committees inviting them to take united action, in obedience to the recommendations of the Argylliers committee, and to employ only peaceful, lawful means, adding:

"No disorders or violence. The hour has not yet come. We still hope that it will never come."

THREATS AGAINST AMERICANS.

Investigation by Commodore Fullam, of Gunboat Marietta.

Puerto Cortez, Honduras, June 3, via New Orleans, June 12—Threats of violence against foreigners, especially Americans, after the departure of the American gunboats now patrolling the Honduran coast, have caused an investigation by Commodore Fullam, of the Marietta.

The situation appeared serious enough to warrant a letter from Commander Fullam addressed to J. M. Mitchell, Jr., United States consular agent at San Pedro, in the interior, where most of the threats had been made. Commander Fullam called attention to the fact that the first arrest and detention on board the Marietta had been that of an American for being drunk. He cited this as an example of American good faith in carrying out a policy of protecting everybody alike.

Would Not Accept the Offer.

New Orleans, June 12.—An effort made by Special Commissioner Smith, of the Panama canal commission, to make an arrangement for shipping southern skilled labor to the canal via New Orleans, failed of results. Mr. Smith offered to pay the United Fruit company $25 per passenger for such worker, but the steamship company did not accept. At present all such labor goes through New York, making it difficult to draw upon the south

BOY CONFESSES MURDER.

Aged Chicagoan Delivers His Son to the Police.

Chicago, June 12—"Here is my boy Jim. I bring him to you," said Jim Flannigan, 79 years old, to the desk sergeant of the Deering street police station Monday morning. Beside him was the shrinking form of his 20-year-old son.

'Do you—do you—want him for killing somebody?" continued the father hesitatingly.

"Yes, it was me; I did it," sobbed the lad. "I stabbed John Sinder, but he kept picking on me and then tried to hit me and I just got mad," he continued. "I pulled my knife, but did not strike to kill him. I just hit at him with the knife and then he fell down and I ran away."

For two hours the police had been investigating the death of John Sinder, 22 years old, whose body was found at the corner of Thirty-eighth and Wood streets at dawn. A deep knife wound over his heart told the story of a murderous assault, but no one knew who had committed the deed.

James Flannigan, a laborer, who lives at 3809 Lincoln street, heard of the finding of the body through neighborhood gossip. He knew that Sinder and his boy were acquaintances, and that they went to the same dances and going to the room of his son he questioned him.

The younger man answered with monosyllables, which aroused the suspicion of his father. He picked up one of the garments of the boy, who was still in bed. There was blood on it. The lad was made to dress and accompany his father to the station house, where he made a confession.

DYING LOVER

Weds His Kentucky Sweetheart and Expires.

Louisville, Ky., June 12—Two days before the date set for his wedding to Miss Elizabeth Dallam Burnett, the daughter of a prominent Louisville attorney, Robert Horner, son of Samuel Horner, a Philadelphia multimillionaire, passed away at Norton Memorial infirmary here Sunday afternoon. A carbuncle, for which he had been operated upon, was the cause of death, blood poisoning developing.

Realizing that death was near, Mr. Horner requested that the marriage ceremony be performed, and, lying on his bed of pain, he was united in wedlock to Miss Burnett some five hours before the end came. His dying words were a request that his brother, Robert Horner, take care of the widowed bride. Horner was 29 years of age and manager of a cement company here in which his father is interested.

Entangled in Ropes, Aeronaut Drowns

Granite Falls, Minn., June 12.—Entangled in the ropes of his parachute John Puepura, an aeronaut o. Utica, N. Y., met death by drowning in the Minnesota river, near this point. Puepura, who was employed by a carnival company that has been operating here, ascended at 6 o'clock in the evening. The wind carried the balloon up the river, and when he had traversed about half a mile the aeronaut detached the parachute. In some unexplained manner his arms and legs became entangled in the ropes and when th parachute struck the water Puepura was unable to save himself and was drowned.

"Black Hand" Demands Ransom.

New Orleans, June 12.—Six thousand dollars was demanded as ransom Monday for 8-year-old Walter Lamana, son of a well-to-do Italian undertaker. The boy disappeared two days ago, and the police have vainly searched for him. The demand for ransom money, in a letter signed "Black Hand," was their first clew.

Haskell Wins Governorship.

Guthrie, Okla., June 12.—In the democratic primaries C. N. Haskell, of Muskogee, Ind. T., for governor, received a majority of 14,000 over Lee Cruce, of Ardmore, and R. L. Owen, of Muscogee, and Roy V. Hoffman, of Chandler, have been nominated for United States senators by majorities ranging from 6,000 to 8,000.

HOWARD GOULD MAY START COUNTER SUIT

Quarter of a Million Alimony Too Much For Defendant.

WOULD SETTLE AT $100,000 YEAR

Friend of Mr. Gould Is Quoted as Saying that Howard Could Not and Would Not Entertain Mrs. Gould's Demand.

New York, June 12.—Announcement was made Tuesday that Howard Gould is considering the advisability of starting a counter suit for seperation against his wife. Such an action, he thinks, would lessen the chances of Mrs. Gould's obtaining a court decree for alimony of $250,000 a year.

One of Mr. Gould's friends is quoted as saying that Mr. Gould would be willing to set aside a sufficient sum for the support of his wife, but that he could not and would not entertain the demand for a quarter of a million dollars a year.

He thought it likely that Mr. Gould would be willing to give his wife $100,000 a year alimony and felt sure that Mr. Gould would consent to settle the suit on that basis, although Mr. Gould had never said so directly.

Briefs of the argument between DeLancy Nicoll, attorney for Howard Gould and Clarence J. Shearn, counsel for Mrs. Gould, were submitted Monday to Supreme Court Justice McCall, and a decision is looked for in a few days. This argument took place last Thursday and was on a motion by Mr. Nicoll to strike out three allegations from Mrs. Gould's bill of complaint.

REMARKABLE CONSPIRACY.

Firemen Rewarded for Extinguishing Fires They Themselves Started.

Berlin, June 12.—A series of 23 fires in Siebenlehn, Saxony, extending from 1896 to 1906, by which 63 houses were burned, has been traced to the volunteer brigade there.

Certain evidence given in a local lawsuit put the police on the track of the incendiaries, and it was found that the chief traders and the artisans and the burgomaster were the heads of the conspiracy.

The firemen were periodically rewarded for heroic conduct for extinguishing fires which they themselves had started.

DRAGGED TO DEATH BY MULE.

Peculiar and Shocking Death of Alabama Farmer.

Troy, Ala., June 12.—Jim Allen, a well known farmer, was killed at his home near Orion, in a peculiar manner. He had been working in the field and had started to ride a mule home to dinner. The mule became frightened and when Mr. Allen attempted to jump, his foot caught in the harness, and the mule ran and dragged him a mile before the animal was stopped.

Physicians were summoned, but to no avail. Mr. Allen soon expired from his injuries.

Cabrera Alive and Well.

New York, June 12.—Dr. Ramon Bergo Echoa, consul general for Guatemala at New York, received a notable dispatch from President Cabrera, of Guatemala, Tuesday, reciting that the president is "all right." The consul general also received a private dispatch from Guatemala saying there was no truth in the reports of President Cabrera's assassination. The statement that President Cabrera had been killed was made in a dispatch received in the City of Mexico Sunday night.

Shot Negro; Saved Own Life.

Montgomery, Ala., June 12.—C. C. Davis, white, shot Columbus Matthews, a negro, Tuesday morning, just in time to save his own life. The negro was just throwing up a shotgun to shoot Davis when the latter fired, hitting him three times. A brother of the dead negro has been captured at Troy on a charge of murdering his wife.

SPRING TERM COURT AGAIN IN SESSION

Adjourned Term Called To Order By Judge Wills Monday.

ALL OFFICERS WERE PRESENT

The Only Business Coming Before the Court Was the Selection of a Jury and One Important Case of Assumpsit, Which Was Not Finished.

From Tuesday's Daily Sun.

The fourth week of the spring term of the Circuit Court of the Eighth Judicial Circuit in and for Alachua county, being an adjourned session of the regular term, was called to order at 2 o'clock Monday, His Honor Judge J. T. Wills presiding, with State Attorney J. M. Rivers, Sheriff L. W. Fennell, and Clerk S. H. Wienges present.

The sheriff came into open court and presented the following names from his venire as jurymen for the present week:

E. T. Hawthorn, G. P. Smith, J. T. Mikell, J. H. Avera, G. W. Dyess, W. H. Ellis, J. W. English, J. T. Weeks, J. H. Riles, A. J. DaCosta, J. B. Padgett and E. Baird, the three latter for good and sufficient reasons being excused by the court.

The only case to come before the court in the afternoon was that of J. D. Stringfellow vs. the Vaughn Seed Store, assumpsit, damage $1,900, which occupied the entire afternoon and was not finished, the argument in the case having not begun at the adjournment of the court.

This case attracted quite a number of people, and was quite an interesting one, with a good array of talent on both sides. It is a case in which the complainant is suing the defendant in the sum of $1,900 for alleged inferiority of product and yield from certain seeds purchased from the defendant.

The jury empanelled in this case is as follows: E. T. Hawthorn, G. P. Smith, J. T. Mikell, G. W. Dyess, W. H. Ellis, J. T. Weeks.

Mr. Stringfellow is represented by Attorneys W. W. Hampton and W. S. Broome, while Baker, Matheson & Baxter and Carter & Layton of this city and Attorney McGhee of Chicago are represenitng the defendant.

Court will convene again at 9 o'clock this morning.

From Wednesday's Daily Sun.

There was "nothing doing" in the circuit court Tuesday, save the long-drawn-out testimony of several witnesses in the case of J. D. Stringfellow vs. the Vaughn Seed Store, which appears to be one of the most strenuous civil cases ever heard in this county, both sides being determined in the matter of securing a verdict favorable.

This is the case mentioned in yesterday's Sun where J. D. Stringfellow is suing the Vaughn Seed Store for $1,900 damages, alleged to have accrued from impure and non-propagating seed furnished to Mr. Stringfellow, who is an extensive and successful trucker, by the defendant, which is a large seed store in Chicago.

Mr. Stringfellow claims that certain seeds, mainly cucumbers, did not produce the result, neither in yield or quality.

The case consumed part of Monday afternoon, all of Tuesday, and will probably occupy the entire time of the court today. The outcome will be watched with a great deal of interest, as eminent talent has been employed on both sides, the defendants sending a lawyer, Attorney McGhee, all the way from Chicago. It is said that there are also witnesses, commission merchants and others, from Baltimore and other points, to testify in the case.

It is probably not so much the direct loss of judgment in this case, should one be secured, against the defendant, but a question of the firm's reputation in Florida, upon which the fight is being made by the Vaughn Seed Company, which is an old established firm, and which enjoys a large and profitable trade throughout Florida.

BABY'S DREADFUL CASE OF ECZEMA

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS, A MIRACULOUS CURE

"When my little boy was six months old he had ezcema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before. F. Hohrath, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, South Bethlehem, Pa., June 5, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. MELROSE HAPPENINGS.

Melrose, June 8.—The funeral of A. Priest, who died at Waldo on June 5, took place at Eliam cemetery here Wednesday afternoon, Rev. T. H. Sistrunk officiating at the church and the Masonic lodge at the grave. A large number of friends turned out to pay the last honor, bringing many beautiful flowers.

The tax books of the town will be closed July 1st.

Off to Atlantic Beach.

Dr. W. M. Johnson, D. V. V. Cougler and D. F. Baggs left Tuesday for Atlantic Beach, where they will attend the annual session of the Florida State Pharmaceutical Association, of which Dr. Johnson, who is one of the most prominent druggists in the State, is treasurer.

The convention will be held from the 12th to the 14th inst., inclusive. On Wednesday and Thursday the sessions will be held at the Continental Hotel, Atlantic Beach, and on Friday the business of the association will be concluded in Jacksonville.

A fine program has been arranged for this convention, which promises to outclass anything of the kind ever held before, and a large crowd is expected.

SOPHIA LOST HER MONEY

But Henry Missouri is Doing Time on the Streets to Pay.

There was a case of unusual interest in the mayor's court Monday morning. At least, it was a case of unusual interest to the lower class of colored people, who are represented in the court every day, because it was a charge of theft of money, something which is seldom heard of or reported to the police among this class. While it is a recognized concession that this class may impose on their associates for food, and may even sometimes collude in the pilfering or robbery of some one of higher class, it is seldom a fact that they will rob each other.

But this is one of the cases. Sophia Jackson was a kind of sweetheart, it seems, of Henry Missouri. Sophia trusted him with everything she said, from her confidence to her money, and he finally took advantage of the woman by stealing her pocketbook, containing $2.35.

As soon as Sophia lost the money, realizing that she had no other company that evening, she accused Missouri of taking it, and notified Marshal Arnow.

Missouri was arrested in a South University street place, but swore up and down that he knew nothing of the money. He was taken to the house occupied by Sophia, and when the woman appeared at the door she said:

"Look heah! Missouri, whar's mer munny whut yer took from me?"

"What I know 'bout yo' munny?" quickly retorted the man. "Don't yo' knp' dat I wouldn't take er cent frum a gal like you? You knows I's allurs been true ter you."

"Yer name's Missouri, an' yer got to show me," aptly responded the woman.

"I am reminded that his name is Missouri, and he's got to show me," interrupted Marshal Arnow, as he proceeded to search the man, whereupon he discovered the empty pocketbook which the woman recognized—but there was nothing in it.

Missouri was given a sentence of $5 and cost or thirty days. He took the thirty days, and is now engaged in cleaning up the streets for a salary of about 30 cents a day. Cheaper to go at free labor, earn a dollar and a quarter, sleep well at night, and save the disgrace of being worked as a prisoner.

Joe Russell, for being disorderly, was fined $5 and costs, which were promptly paid.

THE ODD FELLOWS' MEMORIAL.

Held a Fine Service Monday Night, Which Was Well Attended.

Center Lodge No. 11, Independent Order of Odd Fellows, held a fine memorial service at the Masonic hall, where the order always holds its sessions, Monday night.

The service was a public one, and was not only attended by members of the order, but many citizens as well, including a number of ladies, all of whom were deeply impressed with the beautiful and impressive ritualistic ceremonies of the order. There were many addresses on the good of the order by the pioneer members of the lodge, old war-horses in Odd-Fellowship.

The meeting was presided over by Captain J. W. Blanding, while Robt. McClellan acted as master of ceremonies.

Refreshing lemonade was served during the evening.

Ira Carter Taken Home.

Ira J. Carter, who had the misfortune to sustain a broken leg in a runaway accident a few days ago, and who was brought to the home of relatives in this city where the best attention was given him, has sufficiently recovered to be removed to his home at the farm, about twelve miles west of Gainesville.

Mr. Carter is a clever and progressive young man, and has many friends not only in Gainesville, but throughout the West End, where he was reared. All will be glad to learn that his condition is so much improved.

Henderson As a Peach Grower.

F. P. Henderson of Arno, the nurseryman and peach grower, is in the city attending court.

Mr. Henderson is about to make his last shipment of the early crop of peaches, which has proved quite prolific. He will have a late crop. Mr. Henderson owns one of the most prolific orchards in this section of the State. While not so large as many, it is a prolific bearer.

WEST END TO CELEBRATE FOURTH

The Patriotic People of That Section Will Have Big Time.

COUNTY COTTON ASSOCIATION

Will be Present and Participate, and Number of Most Eloquent Speakers in the State Will be Invited to Come. A Fine Athletic Program.

The people of Trenton and the West End are an enterprising, patriotic set, and annually one of the features of that section is a big basket picnic, with interesting athletic exercises. This year will be no exception, and the good people of Trenton have again gotten together in the matter of a frolic on the Glorious Fourth.

Announcement is made that elaborate preparations are being made by a committee appointed for the purpose, and that the coming Fourth of July will be one long remembered by the people of the West End, as a big basket dinner will be served under the spreading oaks in the attractive town of Trenton.

A picnic at Trenton means a doubly-enjoyable affair The people are hospitable, no handsomer or more appropriate grounds can be found in the county, and altogether the conditions are the best in this section of the State.

At this picnic tne County Cotton Association will join with the people, and a number of the best speakers, from all sections of the State, will be invited to address the crowd.

This will be a public affair, and everyone is invited to come and bring well-filled baskets. An excellent athletic program will be arranged, which will be published in due time.

DIXON TAKEN AWAY.

Man Wanted in Madison County for Violating a Contract.

Deputy Sheriff Horton of Madison county has taken back to Madison a negro by the name of Henry Dixon, who was arrested near Hines, in the West End, a few days ago, by Deputy Sheriff Osteen, the negro having been charged with violating a contract.

This is presumably a labor contract, and there seems to be a question of authority in the matter of ordering an arrest of Dixon for the alleged violation, as the conditions may border on a state of what is defined as peonage. However, the arrest has been made according to instructions from the authorities of Madison county, and the prisoner has been returned to the seat of his alleged "crime."

The officers of Alachua county have had nothing to do with this case, further than to carry out the instructions of the authorities of Madison county. At the time of arrest it was said that the officers here were not even aware of the charges against the man.

Dixon has been working for some time in the vicinity of Hines.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

At the Baptist Church.

Rev. P. W. Corr of Jasper, who kindly consented to fill the pulpit of the First Baptist church Sunday, delivered an impressive sermon to a large congregation in the morning, but owing to his engagements elsewhere, was unable to preach in the evening.

Dr. Corr is well known and popular in Gainesville, and his friends are always delighted to see him.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. SECOND ADVENT CHURCH.

A Most Successful Series of Meetings Were Closed Tuesday Night.

The series of meetings of the Advent Christian church, which have been conducted by Elder Joe Sherouse of Jacksonville with the church in this city for the past ten days, have been of the greatest benefit to the people of this section, for Elder Sherouse, who is an eloquent though impressive and simple speaker, has attracted large crowds, and in his own impressive manner has talked in a strain that must necessarily benefit the church and the Christian world.

Elder Sherouse is a man in love with his work. He is not preaching for financial gain, as is evidenced by the fact that he has been working here, where the congregation of the Advent Christian church is very small; but he is preaching because he believes his principles are right, and the result is that he has enjoyed a most remarkable success.

The last meeting was held on Tuesday night, as Elder Sherouse must return to Jacksonville. This distinguished worker for his faith has been ably assisted here by Elder James Lee, the regular pastor of the church, and together they have enjoyed most remarkable success.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

Will Lay Palatka Walks.

O. and Gerald Petre left Monday for Palatka, where they will remain for the next two or three days. The former has secured the contract for laying the granolithic sidewalks for the Gem City, and expects to begin work as soon as the necessary material can be gotten together, which will be probably by the end of the week.

Mr. Petre has given Gainesville an excellent system, which is demonstrative of the fact that he knows his business when it comes to paving. His friends congratulate him upon securing the Palatka contract in the face of several competitors, although he states that the contract price awarded there was considerable above what he has been paid in Gainesville.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Get busy—that's the great cure for despondency and dread.

SUPPOSED MAD DOG RUNNING AT LARGE

Canine Bit Two Colored Children In Northwest Gainesville.

ANIMAL ACTING STRANGELY

Was Roving About the Streets, Foaming at the Mouth, and Altogether Gave Appearance of Being Affected With Hydrophobia.

From Wednesday's Daily Sun.

The people of Northwest Gainesville, in the vicinity of West Church and North Arredondo streets, have been excited for the past day or two on account of the appearance in that community of a dog which bore every indication of being afflicted with hydrophobia. The canine wandered about the streets blindly, foaming at the mouth, and bit two colored children, one of whom was LeRoy, the little son of John Feamster, who conducts a grocery and market at the corner of West Church and North Fifth streets. The name of the other child could not be learned.

The residents of that section are using the greatest precaution to keep their children in.

The canine is a small, brown, shaggy dog, and its owner is not known.

Marshal Arnow has been notified, and will keep a lookout. In the meantime, it would be well for those in that immediate vicinity to be cautious.

DR. PASCO WAS HERE.

Former Superintendent East Florida Seminary Preached Sunday.

Among the prominent visitors to Gainesville on Sunday was Rev. Frederick Pasco of Live Oak, editor of The Florida Christian Advocate, and one of the most eloquent and most widely known preachers in the State. He filled the pulpit of the First Methodist church Sunday, morning and night, to large and appreciative congregations.

Dr. Pasco was for some time superintendent of East Florida Seminary in this city, during which time that institution enjoyed splendid success.

Dr. Pasco made The Sun a highly appreciated call.

Death of Mrs. Nobles.

Mrs. Nan Nobles, about sixty-five years of age and for a long time a resident of this city, died at her home on East Magnolia street Sunday night.

Deceased was possessed of a sweet Christian disposition, and was loved for her charitable nature and Christian traits. She was a member of the Baptist church.

The funeral was held Monday afternoon, and the interment was in Evergreen cemetery. Owing to the absence of Rev. S. B. Rogers, the pastor of the Baptist church, the services were conducted by Rev. Thos. P. Hay.

Deceased is survived by two sons, to whom the sympathy of the community is extended.

Letter From Dr. Rogers.

A letter has been received by The Sun from Rev. S. B. Rogers, who has been sojourning with his family at Tallahassee, bearing the informaton that he expected to leave at once for Dublin, Ga., and requests that The Sun be transferred to that place.

Dr. Rogers' friends will regret to learn that his condition is but slightly, if any, improved, but he hopes to return at the end of his vacation entirely recovered.

From Dublin Dr. Rogers expects to proceed to the mountains, where he will remain until the time for his return to his duties here.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. PLANS FOR GOVERNMENT BUILDING ARE READY AND BIDS FOR CONSTRUCTION ASKED

Gainesville Will Now Have Fine Postoffice Building In Fact.

WILL BE HANDSOME STRUCTURE

Postmaster Lynch Received Instructions to Advertise for Sealed Bids for Construction of Building, to be Returned Not Later Than July 19.

At last there seems some absolute certainty that the new Government building proposed for Gainesville by act of Congress, will be ready for occupancy within nine months or a year, as the plans and duplicates have been completed, and the Treasury Department, through James Knox Taylor, supervising architect, is advertising in The Sun today for sealed bids, to be received not later than July 19 of the present year, for the construction, complete, of this building, which will be a credit not only to Gainesville, but the State of Florida and the United States Government.

Several days ago word was received by Hon. Frank Clark, Congressman from the Second District, that all plans would shortly be ready, when the department would be in position to advertise for bids. These plans having become completed, Postmaster L. C. Lynch on Wednesday received a letter requesting him to advertise for bids.

The sum of $60,000 has been appropriated for this building, which will be ample to construct an up-to-date, modern structure. The building, which will be occupied by the postoffice and the United States land office, will contain two stories and a basement. The land office will occupy the upper floor, which will, like that of the quarters to be provided for the postoffice, be up-to-date and modern in every way, equipped with every convenience. The building will be located on the historic Oak Hall property, a beautiful tract at the foot of East Main street, dotted with magnificent water oaks, and altogether will make a most desirable spot, as the grounds will be made the handsomest to be found in this section of the State.

Plans and specifications may be seen at the office of the supervising architect, Washington, or at the postoffice in Gainesville.

LOWMANS ARE IN JAIL AT BRONSON

Reported That Big Mob Gathered at Levy County Court House.

SPECIAL TERM OF COURT

May be Called to Try the Men—Rumored That Mob Expressed Public Censure of Sheriff Walker for Apparent Delay in Arresting Men.

A report comes from Bronson to the effect that Bascom Lowman and his son, George Lowman, accused of the murder of Dunlap Phinney at Raleigh Saturday night, are both in jail at Bronson, Bascom Lowman being arrested Monday and George Lowman Wednesday.

It is said that a large crowd late yesterday afternoon had gathered about the jail, and the spirit of the mob showed great indignation over the matter, and it is stated that Sheriff Walker has been publicly censured for having apparently delayed the arrests so long. The report of the censure of the officer is not authentic, however.

No preliminary hearing has yet been had, and it is understood that a special term of the circuit court will be asked for the trial of these men.

It is further reported that nearly five hundred people attended the funeral of Mr. Phinney in Williston.

MR. F. G. BAUKNIGHT DEAD.

One of Archer's Oldest and Best Citizens Passed Away.

The many friends of Franklin G. Bauknight will regret to learn of his death, which occured Tuesday night at Archer from measles and pneumonia. He was born in Lexington county, South Carolina, September 4th, 1848, and moved to Florida with his parents in 1850. He leaves a wife and four children, two sons and two daughters; also two brothers, J. P. and C. W., and two sisters, Miss Charlotte and Mrs. Shaylor.

The full particulars have not yet been learned.

Mr. J. P. Bauknight, who resides in this city, could not be present with his brother, owing to the illness of his wife here.

DO NOT BE A BURDEN.

It is a sin to deprive oneself of enjoyment in life and become a burden to others through indigestion.

The backaches, headaches, distress after eating, loss of appetite, gulping up of undigested food, etc., are not natural. Mi-o-na stomach tablets used for a few days before meals will so strengthen the digestive organs that you can eat anything you want without fear of distress or resulting sickness.

J. W. McCollum has so much faith in the merits of Mi-o-na that he sells it under guarantee to refund the money in case it does not cure.

NEGRO APPLICANTS DETECTED OF FRAUD

Secured Examination Papers Alleged To Have Been Stolen.

FOUR WERE TURNED DOWN

Alachua County's Superintendent Notified Them the Second Day, After He Discovered Fraud, That They Would Not be Granted Certificates.

Dr. J. L. Kelley, County Superintendent of Public Instruction, announces that he has detected some gross fraud among some of the colored teachers in the recent examination of applicants for positions in Alachua county schools, a number of applicants having in their possession papers which furnished the questions and answers in advance, and which had evidently been studied carefully by those holding them.

Superintendent Kelley further states that he has secured some information of importance along these lines which may cause considerable trouble before the end has been reached.

On the second day of the examination Dr. Kelley, under the direct supervision of whom the examination was being conducted, discovered this fraud, and forthwith notified four applicants that under no condition would they be granted certificates from this county. These four applicants consequently took their leave.

There has been something radically wrong in some person securing possession of these papers in advance of the examination. It is stated that a negro druggist at Tallahassee secured possession of them in some manner, and he was arraigned in the justice court of the district in which that city is located, when one negro woman, a teacher, testified that she paid this negro $15 for a set of the papers. Fraud was also detected in Marion county, and the next to discover irregularity and fraud was Superintendent Kelley.

MRS SCARBOROUGH DEAD.

Estimable Lady of Fairbanks Passed Away in This City.

Mrs. M. W. Scarborough of Fairbanks, aged twenty-three years, died at the Odd Fellows' Sanitarium Tuesday morning of typhoid faver, after an illness of about three weeks.

Deceased was a daughter of Mr. and Mrs. A. J. Surap, and was born in Alabama. She had been in this section of the country only a short while. She was a devoted Christian, a member of the Congregational Methodist Church.

The funeral was held in Evergreen cemetery Tuesday afternoon, Rev. Thos. P. Hay of the First Presbyterian church officiating. The remains were followed to the grave by bereaved relatives and friends, where a most impressive service was held.

Deceased is survived by her parents and husband, to whom the sympathy of the community is extended.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

ONLY SIXTEEN THAT PASSED

Out of Thirty-Five Applicants, Which Goes to Show How Strictly and Correctly the Examination Laws Are Carried Out in Alachua County.

The committee on grading for the examination of applicants for positions as school teachers in Alachua county, comprising Prof. Tom. F. McBeath of the Gainesville Graded and and High School, Prof. W. E. Bell of the Waldo Senior High School, and Miss Elsie V. Smith, made its report to County Superintendent J. L. Kelley a couple of days ago, and shows up as follows:

White—Twelve applicants. Three first grade, seven third grade.

Negro—Twenty-three applicants. One first grade, one second grade, four third grade.

The grading committee was one of the best and most competent and fairest the county has ever had. The examination was conducted under strict rules and observance, and altogether the result was most gratifying. Those who failed to pass, however, need not be discouraged, as the provisions are very stringent in this county.

CUMMER PEACH CROP.

Orchard at Komoko Produced a Large Crop of Luscius Fruit.

Peaches have been moving heavily from all sections of the county for the past two weeks, and the Cummer orchard, Komoko, which is the second largest in this section of the State, has furnished its share.

Parties arriving from the Komoko section bring the information that the peach season there was short but prolific, and the fruit has been even and of the finest flavor, and that altogether the growers have reaped a good financial harvest from the crop.

The early crop from the Cummer orchard has been gathered and shipped, the last movement going forward the latter part of the past week. The crop, it is said, aggregated about 3,000 crates, and the industry has afforded employment to a large number of packers and pickers.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. J. A. Crosby of Dunnellon arrived in the city yesterday, and will remain here for the next few days as a guest of relatives. Mrs. Crosby formerly resided at Micanopy, and has many friends in this section.

J. H. Blackwell of Fairbanks was in the city Tuesday, having come to attend the funeral of Mrs. M. W. Scarborough. Mr. Blackwell was a great friend of the Scarboroughs, and the demise of this estimable lady affected him greatly.

B. P. Hull, an extensive trucker of Reddick, was in the city yesterday, having come to make arrangements for placing his daughter in the summer normal training school, which will open on the 17th inst. Mr. Hull has a fine field of watermelons this season, fifty-five acres, and expects to ship twenty to twenty-five cars. He made his first shipment yesterday.

W. R. Steckert, land commissioner of the Cummer Lumber Company, left yesterday for Tampa and other points on a business trip. Mr. Steckert, who is a very prominent Shriner, has recently returned as a representative of Florida (being one of three) to the Imperial Council, A. A. O. M. S., for North America, which was held at Los Angeles, an account of which he has promised to give The Sun for publication.

J. C. Goodwin, who has been in this city for the past five weeks, left yesterday for his home in West Lebanon, Ind. He expects to take his time en route, however, visiting the Jamestown exposition, Richmond, Washington and other points. Mr. Goodwin owns considerable real estate in this section, and was here looking after same. He is well pleased with the rapid development of Gainesville and the entire section, and promises to join his friends again early in the fall.

Mr. and Mrs. Perry M. Colson and Dr. and Mrs. J. F. McKinstry, Jr., who left this city a few days ago for Battle Creek, Mich., were supposed to have reached their destination Sunday afternoon, though nothing has been heard from the party. Information received from Chicago stated that Mr. Colson, for the benefit of whose health the trip was made, was resting nicely, and in fact was already improved. Mr. Colson will enter the Battle Creek Sanitarium, and his numerous friends throughout the State trust that he will soon completely recover.

STRINGFELLOW CASE IS STILL IN COURT

Famous Case Will Take Up Entire Time of Court Today.

ARGUMENTS WILL BEGIN

This Morning, and Case is Expected to Go to the Jury at a Late Hour This Afternoon—A Civil Case of Unprecedented Record in Alachua.

The famous case of J. D. Stringfellow vs. the Vaughn Seed Store, assumpsit, damage $1,900, which has occupied the attention of the circuit court during the week, is yet on, and the prospects are that the entire day will be taken up. The testimony was concluded at the adjournment of the court yesterday, and this morning the argument will begin.

This is without doubt the longest drawn-out and most stubbornly fought civil case appearing on the docket of Alachua county for many years, and every inch of ground has been taken up on both sides.

The arguments will be made today, and it is expected that the case will go to the jury at a late hour this afternoon.

SPRING PARK IS FAMOUS.

Manager Callison Receiving Many Letters from Foreign Countries.

Manager N. A. Callison of Spring Park Farm was in the city Tuesday.

Manager Callison is receiving many letters from Mexico, Central America and Cuba regarding his famous Hereford cattle, and is likely to make some sales after a while.

Spring Park Farm is one of the few breeders of cattle immune from tick fever in the Southeast, which is going to prove a big thing, not only for the owners of this stock, but for the city of Gainesville as well, as this is the distributing point of the company.

Prices are on a higher level than they have been for seventeen years, according to the bureau of labor. We are glad to know they are on the level, even if it is higher.

Hon. E. L. Wartmann, member of the Legislature from Marion county, has been appointed a member of the Board of Control, vice Dr. Brown, resigned. Mr. Wartmann was largely instrumental in the passage of the famous Buckman bill, and The Sun does not believe that a better man could be found in the State for the position. He is a staunch friend of Gainesville and the University, and the people of this city are delighted at his appointment.

THE EDUCATIONAL CENTER.

It is indeed gratifying that Gainesville has gained the enviable reputation of being the leading educational center of Florida, and that this—the University City—stands among the most important in the South today from an educational standpoint. This is the principal reason for the city's rapid development in every line during the past five years, even before the question of removing the University was ever dreamed of.

Gainesville can boast with impunity of being one of the leading educational centers of the South. With the University of Florida, and one of the best public schools in the country, what wonder is it that the people of this community enjoy the reputation of being an enlightened people? Awake to the importance of education, our people, while they might be divided on some trivial question, have stood together when it came to education. They are now receiving the compensation Whenever reference is made to Gainesville, anywhere, at any time, the first bouquet offered is the exceptional educational advantages of the city, with the result that many families have erected magnificent homes here, in order that the younger element could not take advantage of the excellent schools.

But Gainesville's educational reputation did not begin with the erection of the magnificent $30,000 public school building on the hill, or even with the establishing of the University of Florida here. As a matter of course, these institutions have perpetuated the educational interest, but no one can forget the vast good which was accomplished during the life of East Florida Seminary, which was established many years ago, and which has to its credit today, in proportion to its facilities, probably more men of prominence in public service and in the army, than any institution of like character, not only in the South, but in the United States—mind you, we say in proportion to capacity and attendance. Some of the most efficient officers in the United States army, and some of the brightest men in the various professions today, regardless of section, received their training at this grand old institute, which was operated successfully and with glorious results until the famous Buckman educational bill eliminated it from the map of educational institutions supported in part by the Government.

But the University of Florida is going to prove a fine thing; in fact, it has already, in the season just closed, which was its first year in Gainesville, demonstrated its importance to Gainesville, and now, since an appropriation of $150,000 has been made for additional buildings, we may look for something of extraordinary benefit to this city and section.

UP TO THE COMMISSION.

Live Oak Democrat: A Tennesee negress has put it right up to the Inter-State Commerce Commission to decide the constitutionality of the "Jim Crow" car laws of the South. She got on a train the other day to go from Nashville, Tenn., to Dalton, Ga., and seated herself in the coach for the whites on the ground that as an "interstate passenger," she had a right to ride there and there could be no discrimination against her under the Federal constitution and laws. She was ejected and put into the coach set apart for her own race. She has made a test case of it before the commission and the country in a short time may expect the most interesting decision that body has ever been called on to render. To set aside the separate coach laws of the South, where we are confronted by a condition, not a theory, would be almost to inaugurate revolution in this section, and percipitate a State of riot, blood and crime worse than we have known since the war. It is as much as we can do to stand the race problem when it is diffused all over the South in the open air, but to shut us up with it in a railroad coach where there was no escape from some of its most repulsive features would be intolerable to white people of refinement.

The case of the Dampskibsactreseskabet vs. Rotterdam was recently called in Holland. A case with a bad beginning and a bad ending.

Cartoonist Nast's famous ring of grafters pointing to each other would very well apply to the present situation in San Francisco.

EQUAL RIGHTS TO ALL.

It must be taken for granted that every Democrat would like to see another President elected who believes in the good old Jeffersonian doctrine of "Equal rights to all and special privileges to none." No one but Democrats rest their political faith on that comprehensive declaration. To Republicans of today it must be incomprehensible that any political party should demand "equal rights to all," for that would abolish the tariff schedules that foster and protect the trusts; it would compel the wealthy to pay taxes according to their incomes and property; it would abolish sumptuary legislation and implies freedom from restraint in every way that would not interfere with the welfare of others. "Special privileges to none" would abolish nearly all the legislation that the Republican party has enacted; that has fostered trusts and corporations; that has favored national banks; that has benefited capital at the expense of labor; that taxes without representation; that favors subsidies; that has created sectional strife and usurped executive powers unknown to the constitution.

To Democrats all such granting of unequal rights and special privileges is a crime against the people. It has been accomplished by corrupting elections with the campaign funds contributed by those who have benefited by such special privileges.

To overthrow such corrupt system of favoritism is incentive enough to arouse every honest voter and will certainly unite Democrats to that end. Trust high prices and the increasing cost of living should lead many Republicans to join with the Democrats in reforming the tariff and other abuses that but few any longer deny as existing.

The Southern States have especially suffered from this Republican system of fostering special interests, which no doubt leads to the demand for a candidate from the South for the Democratic nomination for President. Nearly every Southern State is urging its favorite son and as the solid South is the citadel of Democracy, it cannot be gainsaid these prospective candidates are entitled to the earnest consideration of Democrats everywhere, and if it can be shown that Senator Daniel or Judge Culberson or any other candidate that has been suggested can unite the Democratic factions he will undoubtedly receive due deliberation from the delegates to the next national convention. The generous rivalry between these candidates from the Southern States is a healthy sign that sectionalism has in a great measure been obliterated and that the prospect that the banner inscribed with "equal rights to all and special privileges to none" will lead to victory.

AN UNWEPT DEMISE.

(From The Pensacola Journal.)

No one will grieve over the demise of The Chicago Chronicle, which passed in its checks last Friday.

The Chronicle was the property of John R. Walsh, the banker, who is now under indictment for bankwrecking, and who lost hundreds of thousands of dollars in an unsuccessful attempt to foist on the people of Chicago a newspaper which no one wanted and in a field already covered.

The Chronicle was established May 28, 1895, and it suspended May 31, 1907, having lived exactly 12 years and three days, and having lost probably over $100,000 a year or considerably more than a million dollars during the time. The paper was ostensibly Democratic, but it supported McKinley in 1896, knifed Bryan in 1900, and after helping pawn the Parker gold brick off on the Democracy in 1904, openly went over to the Republican party. It was one of the most ably edited and completely equipped papers in the country, but it was organized in a spirit of personal malice, its whole object was the gratification of that malice, and it lost money and died, as it deserved to do. As The Montgomery Journal says:

"The Chronicle attempted to create a demand for a newspaper where there was no demand—in a field already well filled—and it had to go where so many others with like missions to "fill a long felt want," have gone before it. But its management, tiring of the effort, tiring of losing money, wisely and sensibly concluded the best thing to do was to quit the field and leave it to others. But there was no more ably edited or more reliable newspaper in Chicago than The Chronicle; and it was not its policy, not the lack of ability in its management, but rather its attempt to create a demand for another paper, where there was no demand, that made it a losing proposition, and finally caused it to turn its toes to the daisies."

The fate of The Chronicle ought to prove a warning to any other vindictive millionaires who imagine that money is all that is necessary to make a successful newspaper.

PARTY FEUDS.

Our Republican friends are very prone to point out the differences of opinion among Democrats as to men and measures with a view of preventing the unification of the Democratic party. They cannot, therefore, complain if their own factional fights are exploited, especially as they are asserting themselves most aggressively and obtrusively. These Republican feuds are most prevalent in New York, Delaware, Massachusetts, Pennsylvania, Ohio, Kansas, Minnesota, North and South Dakotas, Iowa and California.

In New York there is the Hughes and anti-Hughes factions; in Delaware Addicks is still a bone of contention; in Massachusetts the tariff revisionists and standpatters are expressing themselves in anything but a kindly mood about each other; in Pennsylvania the Penrose ring is battering the reformers and graft is so prevalent that the honest Republican voters are becoming more and more disgusted; in Ohio the Taft and Foraker factions are trying to destroy each other; in Kansas there is a complication of corruption and personal politics; in Minnesota it is the people against the machine tinctured with too much railroad boodle; in North Dakota the Northern Pacific railroad ring has been knocked out and is ready to turn the State over to the Democrats rather than see the reformers successful; in South Dakota the Gamble and Kittredge factions are preparing for another death struggle; in Iowa the Cummins and anti-Cummins rings are opposing each other on whether the tariff shall continue to shelter the trusts and who shall succeed Allison as Senator; in California the Harriman railroad ring has the party by the throat and there is an era of corruption and grafting, with several prominent Republicans in danger of indictment and conviction. In fact the States where the Republican party is united are the exception and it is almost impossible to name one where charges of grafting and rottenness are not openly made by some faction against another faction.

These Republican feuds are disgusting the honest voters of that party and it is evident that it will be more and more difficult to get all the elements necessary to success combined on whoever is nominated. The bitterness engendered will also affect the nomination and election of the local tickets, and there is where the Democrats will have a great opportunity in some of the doubtful States and Congressional districts.

But to take advantage of these differences among Republicans the Democrats must unite and while cleaving to the essential principles of Democracy can afford to compromise or lay by their disagreements on policies until they have defeated the common enemy.

The Sun does not wish to be understood as apologizing for Governor Broward's action in commanding (as it is claimed) the sheriff of Leon county not to serve the capias from the Manatee county court for the arrest of Claude L'Engle, indicted on the charge of criminal libel. But there is one feature of the case which we have not as yet seen made public, towit: The president of the Senate, as well as several members of that body and members of the House of Representatives, made affidavit that it would seriously interfere with the work of the State, etc., for him to go to Manatee county during the session of the Legislature. The Governor, no doubt, took these affidavits into consideration when he acted as he did, and he will hold them over the heads of some of his critics.

"What a great world this would be," reflects The Baltimore American, "if the business man could banish care like the boys and girls on roller skates." Often it is the youngsters on roller skates who make it impossible for him to banish care.

K. OF P. MEMORIAL.

First Service of This Character Ever Held in Gainesville.

The first memorial service of the Knights of Pythias ever held in this city was held by Mount Vernon Lodge No. 20, in the castle hall over Dutton bank, Tuesday evening, which was well attended by members and friends, several of whom were ladies, and proved a most enjoyable affair.

The meeting was presided over by J. A. Robertson, and among the prominent officers present was L. C. Lynch, grand chancellor of the State.

The service was a public one, and the program was one which was thoroughly enjoyed. It was a ritualistic program throughout, with the exception of the address of Hon. Frank Clark. Col. Clark upon this occasion spoke upon Pythianism and its principles, and his address was full of eloquence and sound judgment.

Grand Chancellor Lynch is very enthusiastic over Pythianism, especially these memorial services, and for the first time in the history of the order in Florida these services have been generally observed by the various lodges throughout the State, St. Augustine, Palatka and Jacksonville, as well as other cities, holding large and interesting meetings.

IN THE MAYOR'S COURT.

Will Taylor Abused His Wife and Got Just Deserts Wednesday.

Will Taylor, colored, was arraigned in the Mayor's court Wednesday morning upon a charge of abusing his wife, and threatening to "wipe up the floor" with her.

After hearing the evidence in the case, Taylor was given a reprimand and assessed a fine of $5 and costs, amounting to nearly $10, and was released after payment of same.

CATARRH SEASON.

At the first warning of catarrh one should begin using Hyomei. The disease is very common at this season of the year, but a few days' treatment will often prevent a serious and long-continued case of catarrh.

If the breath is catarrhal and offensive, if there is irritation in the throat, or dropping at the back of the throat, begin the use of Hyomei at once.

You run no risk in paying J. W. McCollum $1.00 for a Hyomei outfit with which he gives his personal guarantee that if the remedy does not afford relief, your money will be refunded at once, making it the most economical cure for catarrh as well as the one that is sold under a guarantee.

ORANGE HEIGHTS NOTES.

Orange Heights, June 12.—Miss Belle Hall and Miss Ada Hall, who attended the Normal at Starke, have returned home.

Mrs. Bud Wilkes and daughter, Luella, of Earleton spent Monday with Mrs. Julia Hall.

Miss Dorothy Smith of Arredondo is the guest of Miss Minniella Eddy.

J. H. Patterson of Gainesville was here on business Saturday.

The two little sons of Jim Suggs, a former citizen, are here on a visit to their uncle, H. H. Bryan, and family.

Card of Appreciation.

The Ladies' Home and Foreign Mission Society of the Advent Christian church extend a vote of thanks to Mr. T. W. Shands for the use of store which was so kindly tendered us on the 5th inst. Also to all those who came to our assistance in any way, in the movement. A very nice sum was raised for the benefit of the suffering Chinese, and we feel sure that God will abundantly bless all who so cheerfully assist in such noble work.

This done by the society in session June 12, 1907.

CITY COUNCIL IN ADJOURNED SESSION

Two Important Ordinances Were Introduced and Passed.

THEY AFFECT THE PAVEMENTS

One an Ordinance Requiring Payment of One-Third Cost by Property Owners for Work Already Done, Another Levying a Special Assessment.

The Honorable City Council met in adjourned session at 8 o'clock Monday evening, having in attendance President Broome, Aldermen Bunch, Cannon, Mixson, Vidal and Webster.

Alderman Bunch moved that the light committee be instructed to place lights upon the different streets at the points designated at the report. Motion carried.

Alderman Bunch moved that the bill of O. Petre be referred to the street committee to investigate and report. Motion carried.

Ordinance No. 135, being the ordinance to provide for the payment of one-third of cost for the construction of curb and gutters on all the streets provided for the construction of same in Ordinance No. 23, was read the first time, and upon motion of Alderman Bunch, was adopted. Alderman Bunch moved to waive the rules and put ordinance on its second reading. Roll was called, and every member voted aye, the rules were declared waived, and ordinance read by sections. Section 1 was read, and upon motion of Alderman Cannon, adopted; Section 2 was read, and upon motion of Alderman Webster, was adopted. Alderman Bunch moved to adopt ordinance as a whole on second reading. Motion carried. Alderman Bunch moved ordinance be engrossed. Motion carried.

Ordinance No. 136, being an ordinance entitled, "An Ordinance to Provide for the Issuing of Special Assessment City Certificates as Provided by An Ordinance Approved August 11, 1906," was read first time, and upon motion of Alderman Cannon, adopted. Alderman Bunch moved to waive the rules and place ordinance on its second reading. Roll call, every member voting aye, and the rules were waived. Sections 1, 2, 3 and 4 were reached and separately adopted. Alderman Bunch moved ordinance be engrossed. Motion carried.

Council adjourned until Thursday evening, June 13.

T. & J. ENGINEERS.

They Will be Here Today to Consult Committee of Citizens.

From Wednesday's Daily Sun.

The engineers of the Tampa and Jacksonville railroad, formerly the Gainesville and Gulf, in compliance with a request of the joint committee of the Board of Trade and the representative citizens who met with the representatives of the various railroad companies entering Gainesville in reference to a union depot a few days ago, will arrive in the city today for the purpose of conferring with the committee in regard to a suitable site for the proposed station, etc.

It will be remembered that at this meeting the Board of Trade and citizens pressed their claims for a union station to the representatives who were present, and all roads were represented. These agents expressed themselves as being perfectly satisfied to comply with any reasonable request in the line of a union station or anything else which might be made by the people of Gainesville, and suggested that a committee of citizens be appointed to meet and consult the respective engineers as regarded a site, the kind of building desired, the probable cost, etc. The meeting concurred with the suggestion, and appointed the committee, of which there were five, with B. F. Hampton as chairman.

The committee several days ago requested the railroads to instruct their engineers to meet the committee within ten days from June 3. The only notice taken of the request so far as the committee is concerned was the information that the engineers of the Tampa and Jacksonville would be here today.

It would look as this might be showing Gainesville a cold palm so far as the other roads are concerned. The people of Gainesville, through the committee, want to be fair, but those roads who do not respond to this request within the prescribed time will hear something else.

SERMONETTES

BY J. MARVIN NICHOLS.

George MacDonald had learned the secret when he said that the pressure of a hand, a kiss, and a caress, will do more to save sometimes than the wisest argument, even rightly understood. Love alone is wisdom, love is power; and, where love seems to fail, it is where self stepped between and dimmed the brilliancy of its rays.

Love is like music—some instruments can run two or three octaves. Some all the keyboard of the sounds from the blackest thunder to the keenest lightning. Just so some hearts are susceptible of melody. Some can sing not only the one endless theme—the song of love—but can run the full gaunt, sounding all the shoals and depths of harmony. Think of those wonders, from the thrill of the nightingale to the rumbling of the thunder; from the din of the trip-hammer to the soft song of the lover as he thrums his mandolin and pours his message into the ear of the maiden-heart. And her dreamy soul responds to the message—and the heart always yields to the music of a spirit that really loves.

I know of a certain boy who matriculated in one of the universities of the South. He was poorly clad. When this boy paid his board, his tuition, and the price of second-hand books, he had just five dollars left. At the end of the fourth year he took his "A. B." degree and the next year won his "A. M." degree. His poor widowed mother sold one of the two plow horses to pay him through the fifth year. But at the end of that year he sat among the graduates, dressed in plain brown linen. But he was the honor graduate and at the head of his class. When a beautiful gold medal was handed to him, he stepped from the rostrum and walked straight to the back of the room, where, right by the door, sat a homely old woman in black. He tied the blue ribbon with great glittering medal around her neck. She buried her face in her old, wrinkled and drawn hands and sobbed just like a child. It seemed the applause would never die away. And now he is a corporation counsel at $6,000 a year. His old mother sits happily in the gloamings of the great beyond. The picture of the noble son hangs on the walls of his alma mater.

TOWN IN TERROR.

Parker, Colo., Patrolled by Soldiers Night and Day.

Parker, Colo., June 11.—Fearing an attempt to burn the saloon of L. F. Lambert, which probably would result in the destruction of the entire town, Parker is under guard night and day.

A squad of soldiers from Fort Logan is patrolling the main street and outskirts and the townspeople are in a state of terror.

Lambert charged a soldier Friday night, it is claimed, and when the latter protested, emptied his revolver into a squad of twenty, injuring two so badly that their lives were despaired of. He escaped after the shooting and friends of the wounded men have vowed they will get vengeance by burning the building.

Intense feeling prevails against Lambert. He has been captured.

An $85,000 Fire at Montgomery.

Montgomery, Ala., June 11.—In a fire Saturday afternoon in one of their warehouses, the Virginia-Carolina Chemical company sustained a loss of $85,000. The building held 8,000 tons of meal and 40,000 tons of acid, valued at $60,000, with $25,000 for the building. The insurance is said to be ample.

HAYWOOD TRIAL AT BOISE.

Harry Orchard, Star Witness, Still Under Cross Examination.

Boise, Idaho, June 11.—Cross-examintaion of of Harry Orchard, by his own confession the slayer of 18 men with bullet and bomb, is likely to last through Tuesday, and possibly longer.

Orchard has now been on the stand for 14 hours. The state had him in hand for nearly eight hours. At this time he told a horrible tale of crime that spread over the last eleven years of his life, the first thirty years being the commonplace story of a Canadian farm hand. But beginning with 1897, he unfolded a career in which, to use the language of the leading counsel for the state, "Assassination was a trade and murder a means of livelihood."

Orchard spared no incident of his more recent life, under the questioning of the state, that might prove to the jury his readiness to slaughter for low wages and how indifferent he had been as to the number or condition of his victims.

The story brought out by the state was, however, merely a synopsis of the play whose acts cover the years since 1899. In every act the climax sent a shudder through a crowded court room.

Under cross-examination by E. F. Richardson, counsel for W. D. Haywood, Orchard has so far developed this series of tragedies up to the year 1904. Three more years and many murders are yet to be analyzed. For purposes of its own, not so far revealed, the defense is determined that Orchard shall retell his life story to the most diabolical, or the most squalid, detail before the men who are to pass upon the question whether W. D. Haywood is guilty of hiring Orchard to murder former Governor Frank Steunenberg, at Caldwell, Idaho, on December 30, 1905.

Slowly but surely the defense is developing the lines by which it hopes to break down the story of Harry Orchard, so far as it affects Haywood.

Fire Destroys Uplands' Hotel.

Eastman, Ga., June 11.—The Uplands hotel, a large wooden structure was destroyed by fire at an early hour on Sunday morning. The alarm was given about 2:30 o'clock, and within an hour the building was in ashes. For a time a large number of buildings within reach of the great rain of sparks that fell were immediately threatened. It is believed that the Southern depot escaped only because of having a tile roof. The origin of the fire is unknown.

Shot Italian Six Times.

Savannah, Ga., June 11.—Policeman T. R. Avaunt emptied his pistol into Napoleon Sevirol, an Italian, on Sunday morning. Sevirol died while on the way to the police station. He had been shot twice in the head and four times in the body. The officer's coat was cut in three places, but the knife used by Sevirol had failed to reach Avaunt's flesh. Avaunt had been shadowing the Italian, whose actions had excited his suspicions.

The years speed by and on their wings bear healing.

LYDIA E. PINKHAM

Is acknowledged to be the most successful remedy in the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulceration, Falling and Displacements, and consequent Spinal Weakness, Backache, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels Tumors at an early stage of development. Dragging Sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities or Painful Functions, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility; also, Dizziness, Faintness Extreme Lassitude, "Don't care and want to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulency, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.

Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for $200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other injurious, or habit-forming, drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever, and that Mr. Bok's malicious statements were wholly and absolutely false.

In the retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription," from eminent chemists, all of whom certified that it did not contain alcohol or any of the alleged harmful drugs!

These facts were also proven in the trial of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as inconspicuous as possible. The matter was, however brought before a jury in the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor. Thus his traducers came to grief and their base slanders were refuted.

thing that prevented the capital removal question from being put before the people for final settlement this time was from the fact that next year is the big political year.—Fort Myers Breeze.

Senator Taliaferro appeared in Washington last week as the herald of prosperous times in Florida. He went to attend the Brownsville hearing, but he seized the opportunity to declare that never in the history of the nation's southermost State have the people been so prosperous or conditions for the investment of Northern capital more inviting. According to Senator Taliaferro, Florida is yet to become one of the greatest tobacco growing States in the country. He declares that on some of the tobacco farms earnings of $300 an acre are not uncommon, and the man with one hundred acres planted to this crop is fixed securly financially. As to the other principal crops of the State, those of grape fruits and of oranges, these crops, the Senator says, are greater in yield and much more in demand than ever before. These conditions are due first to the greater intelligence of the farmers and their better knowledge of soils and horticulture, and to the growing demand for the fruits, especially with regard to grape fruit.—Titusville Advocate.

Prof. J. W. Wideman, for many years a resident of this city and principal of the Gainesville Graded and High School, left yesterday for Palatka, after spending several days here. Prof. Wideman is now engaged in the insurance business, holding an important position as State manager, and his friends will be glad to learn that he is making a success.

W. Trueheart Bodiford has gone to Jacksonville for a few days on a combined business and pleasure trip. After remaining here for a month, Mr. Bodiford expects to go into the wholesale drug business in Philadelphia or Baltimore. He spent his boyhood days here and in Cedar Key, and his friends wish him much success in his proposed new venture.

Mr. and Mrs. W. H. Robertson and two daughters, Misses Emma and Gertrude, left yesterday for Rutherfordton, N. C., where they will spend the summer, as is their usual custom. Friends wish them a pleasant and profitable sojourn. Col. Robertson is the venerable ex-treasurer of Alachua county and served before being elected to that office twenty-five consecutive years as a member of the school board.

Thos. J. Mitchell of St. Petersburg passed through the city yesterday en route to Jacksonville, where he went to meet his brother, Bob, who has been in a hospital in Baltimroe for the past few months. Mr. Mitchell is a son of Conductor Mitchell of the Florida Southern, now deceased. He is well known in this city, where he has visited friends frequently. His brother's condition is very much improved.

J. H. Winter, foreman of carpenters on the Seaboard Air Line, with his force of men, have been at work for the past few days in making some much needed repairs on the depot at this place. Mr. Winter is a thoroughly competent man, and one who has "made good" with the Seaboard by his competency. He states that a new tank will be installed here in a few days, which was one of the most badly needed improvements.

W. P. Shettleworth of Evinston, the boss watermelon grower of that section, was among those who spent yesterday in this city. From a hundred-acre "patch" of melons this season Captain Shettleworth expects to ship fifty cars. He made his first shipment yesterday, from which he expects to realize handsomely, as the fruit was unusually fine for this season. Captain Shettleworth always grows the best varieties and receives the best returns.
